

THE UNIVERSITY *of* NEW MEXICO

Audit Report 2010

For the year ending June 30, 2010

THE UNIVERSITY OF NEW MEXICO

June 30, 2010

BOARD OF REGENTS AND PRINCIPAL OFFICERS

Board of Regents

<i>Appointed Members:</i>	<i>Title:</i>	<i>Term Expires:</i>
Raymond Sanchez	President	12/31/2010
Jack L. Fortner	Vice President	12/31/2010
Carolyn J. Abeita	Secretary/Treasurer	12/31/2012
Don L. Chalmers	Member	12/31/2012
J.E. Gene Gallegos	Member	12/31/2014
James H. Koch	Member	12/31/2014
Emily "Cate" Wisdom	Student Member	12/31/2010

Ex officio Members:

The Honorable Bill Richardson	Governor of the State of New Mexico
Dr. Veronica Garcia	Secretary of Education

Advisors:

Richard Wood	President, Faculty Senate
Lazaro A. Cardenas Jr.	President, Associated Students of the University of New Mexico
Lissa Knudsen	President, Graduate & Professional Student Association
Merle Kennedy	President, Staff Council
Steve Chreist	President, Alumni Association
Mimi Swanson	President, UNM Retiree Association
Maria Probasco	President, UNM Parent Association
Anne Yegge	Chair, UNM Foundation

Principal Administrative Officials

University

David J. Schmidly	President
David W. Harris	Executive Vice President for Administration, COO and CFO
Suzanne Ortega	Provost and Executive Vice President for Academic Affairs
Dr. Paul Roth	Executive Vice President, Health Sciences Center

UNM Hospitals

Stephen W. McKernan	Chief Executive Officer & Vice President for Hospital Operations
---------------------	--

Principal Financial Officials

Main Campus

Ava J. Lovell	Vice President, HSC/UNM Finance & University Controller
Andrew Cullen	Associate Vice President of Budget, Planning and Analysis
Elizabeth Metzger	Chief Finance & Treasury Officer, Financial Services

Health Sciences Center

Ava J. Lovell	Vice President, HSC/UNM Finance & University Controller
Robert Fondino	Chief Budget & Finance Officer, HSC

UNM Hospitals

Ella B. Watt	Chief Financial Officer

TABLE OF CONTENTS

FINANCIAL STATEMENTS

	<u>Exhibit</u>	<u>Page</u>
Independent Auditor's Report		iv - vi
Management's Discussion and Analysis		2 - 17

BASIC FINANCIAL STATEMENTS

Statements of Net Assets	A	18 - 19
Statements of Revenues, Expenses and Changes in Net Assets	B	20 - 21
Statements of Cash Flows	C	22 - 23
Notes to the Basic Financial Statements		24 - 87

REQUIRED SUPPLEMENTAL INFORMATION

	<u>Schedule</u>	
Schedule of Funding Progress & Employer Contributions	1	88

SUPPLEMENTAL INFORMATION

Combining Statement of Net Assets – Discretely Presented Component Units 2010	2	90 - 91
Combining Statement of Net Assets – Discretely Presented Component Units 2009	3	92 - 93
Combining Statement of Revenues, Expenses and Changes in Net Assets - Discretely Presented Component Units 2010	4	94 - 95
Combining Statement of Revenues, Expenses and Changes in Net Assets – Discretely Presented Component Units 2009	5	96 - 97
Budget Comparison	6-10	98 - 103
Schedule of Pledged Collateral	11	104 - 107
Schedule of Individual Deposit and Investment Accounts	12	108 - 111

SINGLE AUDIT INFORMATION

Schedule of Expenditures of Federal Awards	13	112 - 119
Notes to Schedule of Expenditures of Federal Awards		120 - 134
Report on Internal Control Over Financial Reporting and on Compliance and Other Matters Based on an Audit of Basic Financial Statements Performed in Accordance With <i>Government Auditing Standards</i>		136 - 138
Report on Compliance With Requirements Applicable to Each Major Program and on Internal Control Over Compliance in Accordance with OMB Circular A-133		140 - 142
Summary Schedule of Prior Audit Findings		144
Schedule of Findings and Questioned Costs		146 - 162

UNAUDITED INFORMATION

Schedule of Pledged Revenues	14	164 - 165
Schedule of Campus Statistics	15	166 - 167
Exit Conference		168

THE UNIVERSITY OF NEW MEXICO

(THIS PAGE INTENTIONALLY LEFT BLANK)

Independent Auditor's Report

Board of Regents
University of New Mexico and
Mr. Hector H. Balderas
New Mexico State Auditor

We have audited the accompanying financial statements of the business-type activities and aggregate discretely presented component units of the University of New Mexico (University) as of and for the years ended June 30, 2010 and 2009, which collectively comprise the University's basic financial statements as listed in the accompanying table of contents. We have also audited the budget comparisons presented as supplemental information for the year ended June 30, 2010, as listed in the accompanying table of contents. These basic financial statements and budget comparisons are the responsibility of the University's management. Our responsibility is to express opinions on these basic financial statements and budget comparisons based on our audits. We did not audit the financial statements of the UNM Hospital or the UNM Behavioral Operations, collectively known as the clinical operations of the University (clinical operations) or the financial statements of the UNM Medical Group, a blended component unit (blended component unit). The financial statements of the clinical operations and the blended component unit reflect total assets of 27% as of June 30, 2010 and 2009, and total revenues of 38% and 40% for the years ended June 30, 2010 and 2009, respectively, of the related totals. The financial statements of the clinical operations and the blended component unit were audited by other auditors whose reports have been furnished to us, and our opinion, insofar as it relates to the amounts included for the clinical operations and the blended component unit, is based solely on the reports of the other auditors.

We conducted our audits in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States. Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the University's internal control over financial reporting. Accordingly, we express no such opinion. An audit also includes examining on a test basis, evidence supporting the amounts and disclosures in the financial statements,

Board of Regents
University of New Mexico and
Mr. Hector H. Balderas
New Mexico State Auditor

assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits and the reports of other auditors provide a reasonable basis for our opinions.

As discussed in Note 1, the financial statements of the University are intended to present the financial position and changes in financial position and cash flows of only that portion of the business type activities of the State of New Mexico that is attributable to the transactions of the University. They do not purport to, and do not, present fairly the financial position of the State of New Mexico as of June 30, 2010 and 2009, the changes in its financial position or its cash flows for the years then ended in conformity with accounting principles generally accepted in the United States of America.

In our opinion, based on our audit and the reports of other auditors, the basic financial statements of the University referred to above present fairly, in all material respects, the respective financial position of the business-type activities and the aggregate discretely presented component units of the University as of June 30, 2010 and 2009, and the respective changes in financial position and cash flows for the years then ended in conformity with accounting principles generally accepted in the United States of America. In addition, in our opinion, the budget comparisons referred to above present fairly, in all material respects the budgetary comparison for the year ended June 30, 2010 in conformity with the budgetary basis of accounting prescribed by the New Mexico Administrative Code, as more fully described in the budgetary schedules, which is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America.

In accordance with *Government Auditing Standards*, we have also issued our report dated November 4, 2010, on our consideration of the University's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Audit Standards* and should be considered in assessing the results of our audits and the reports of other auditors.

Board of Regents
University of New Mexico and
Mr. Hector H. Balderas
New Mexico State Auditor

Management's Discussion and Analysis and the required supplemental information on page 88 are not a required part of the basic financial statements but are supplementary information required by accounting principles generally accepted in the United States of America. We have applied certain limited procedures, which consisted principally of inquiries of management regarding the methods of measurement and presentation of the required supplementary information. However, we did not audit the information and express no opinion on it.

Our audits were conducted for the purpose of forming opinions on the basic financial statements and the budget comparisons. The accompanying Schedule of Expenditures of Federal Awards (Schedule 13) is presented for purposes of additional analysis as required by OMB Circular A-133, and is not a required part of the basic financial statements. In addition, the discretely presented component unit combining schedules (Schedules 2 through 5), Schedule of Pledged Collateral (Schedule 11), Schedule of Individual Deposit and Investment Accounts (Schedule 12), Schedule of Pledged Revenue (Schedule 14), and Schedule of Campus Statistics (Schedule 15) are presented for purposes of additional analysis and are not a required part of the basic financial statements. The discretely presented component unit combining schedules, Schedule of Expenditures of Federal Awards, Schedule of Pledged Collateral, and Schedule of Individual Deposit and Investment Accounts have been subjected to the auditing procedures applied in the audits of the basic financial statements and, in our opinion, are fairly stated in all material respects in relation to the basic financial statements taken as a whole. The Schedule of Pledged Revenue and Schedule of Campus Statistics have not been subjected to the auditing procedures applied in the audits of the basic financial statements and, accordingly, we express no opinion on them.

THE UNIVERSITY OF NEW MEXICO

MANAGEMENT'S DISCUSSION AND ANALYSIS

Year Ended June 30, 2010

The following discussion and analysis provides an overview of the financial position and activities of The University of New Mexico (University or UNM) as of and for the years ended June 30, 2010, 2009, and 2008. This discussion should be read in conjunction with the accompanying financial statements and notes. Management has prepared the basic financial statements and the related note disclosures along with this discussion and analysis. As such, the basic financial statements, notes and this discussion are the responsibility of University management.

This Management's Discussion and Analysis (MD&A) includes comparative financial information for fiscal years 2010, 2009, and 2008, of the primary institution, which includes the UNM Medical Group, a blended component unit. The MD&A does not include information of the discretely presented component units, for which separately issued financial statements are available.

Using the Basic Financial Statements

The Statement of Net Assets presents the assets, liabilities and net assets of the University as of the end of the fiscal year. The Statement of Net Assets is a point-in-time financial statement, the purpose of which is to give the readers of the financial statements a fiscal snapshot of the University. The statement presents end-of-year data concerning assets (current and non-current), liabilities (current and noncurrent), and net assets (assets minus liabilities).

Changes in total net assets as presented on the Statement of Net Assets are based on the activity presented in the Statement of Revenues, Expenses and Changes in Net Assets. This statement begins with a presentation of the *operating* revenues received by the institution. Operating revenues are defined by the Governmental Accounting Standards Board (GASB) as revenues arising from an exchange (earned) transaction. In a public university, such as UNM, income from state government appropriations, although not earned, are heavily relied upon to pay operating expenses for almost all instruction and general programs. **However, GASB defines state appropriation income as non-operating revenue, causing the presentation of a large operating loss on the first page of the Statement of Revenues, Expenses, and Changes in Net Assets. The operating loss is offset by *non-operating* revenues in the next section of this statement, Non-operating Revenues (Expenses).**

The final statement presented is the Statement of Cash Flows. The Statement of Cash Flows presents the inflows and outflows of cash, summarized by operating, capital, financing and investing activities. The statement is prepared using the direct method of cash flows, and as such, presents gross rather than net, amounts for the year's activities.

NET ASSETS AND REVENUES, EXPENSES AND CHANGES IN NET ASSETS

The University of New Mexico Condensed Summary of Net Assets As of June 30

ASSETS	<u>2010</u>	<u>2009</u>	<u>2008</u>
Current assets	\$ 753,775,479	\$ 759,899,464	\$ 746,019,365
Capital assets, net	1,236,880,401	1,143,142,757	1,068,662,755
Non-current assets	<u>389,967,945</u>	<u>357,998,993</u>	<u>445,220,640</u>
Total assets	<u>\$ 2,380,623,825</u>	<u>\$ 2,261,041,214</u>	<u>\$ 2,259,902,760</u>

LIABILITIES	<u>2010</u>	<u>2009</u>	<u>2008</u>
Current liabilities	\$ 272,507,271	\$ 247,075,955	\$ 226,417,083
Non-current liabilities	<u>653,997,335</u>	<u>662,491,595</u>	<u>677,051,839</u>
Total liabilities	<u>\$ 926,504,606</u>	<u>\$ 909,567,550</u>	<u>\$ 903,468,922</u>

NET ASSETS	<u>2010</u>	<u>2009</u>	<u>2008</u>
Invested in capital assets, net of related debt	\$ 681,694,272	\$ 641,406,303	\$ 572,820,785
Restricted	291,685,303	284,360,399	361,689,048
Unrestricted	<u>480,739,644</u>	<u>425,706,962</u>	<u>421,924,005</u>
Total net assets	<u>\$ 1,454,119,219</u>	<u>\$ 1,351,473,664</u>	<u>\$ 1,356,433,838</u>

Current Assets and Liabilities

Current assets include cash and other assets that are deemed to be consumed or convertible to cash within one year. The most significant current assets of the University are cash and cash equivalents and short-term investments consisting of certificates of deposit, U.S. Treasury Bills and other government-backed securities totaling \$528.3 million, \$549.0 million and \$543.0 million as of June 30, 2010, 2009, and 2008 respectively.

Current liabilities are generally defined as amounts due within one year, and include accounts payable, payroll accruals, deferred revenue and accrued compensated absences. The 10.3% increase in current liabilities for the year ended June 30, 2010 is primarily due to increases in accounts payable, accrued payroll and the University's self-insurance reserve.

At June 30, 2010, the University's current ratio, the amount of current assets (\$753.8 million) available to cover current liabilities (\$272.5 million), was 2.77 to 1. At June 30, 2009, the University's current ratio, the amount of current assets (\$759.9 million) available to cover current liabilities (\$247.1 million), was 3.08 to 1. At June 30, 2008, the University's current ratio, the amount of current assets (\$746.0 million) available to cover current liabilities (\$226.4 million), was 3.3 to 1.

Capital and Debt Activity

Capital assets are the largest category of non-current assets, and are shown net of accumulated depreciation, at \$1.24 billion and \$1.14 billion as of June 30, 2010 and 2009, respectively. During fiscal year 2010, the largest capital asset additions for the University were within Buildings. Overall, the University increased Buildings by \$133.3 million in FY10, compared to a net increase of \$74.9 million in FY09 and a net increase in FY08 of \$98.0 million. The University's increase in Buildings in FY10 is primarily due to construction of new buildings as well as renovations to existing buildings. The major constructed addition was the \$59.0 million dollar Cancer Research and Treatment Center Phase 2. The University also built the Technology and Education Center and the Lobo Clinic which totaled \$8.9 million. Renovations to existing buildings during FY10 totaled \$64.2 million.

Several major capital projects will be completed in Fall 2010, including University Arena (the PIT) in December, the Harwood Museum of Art Expansion in Taos in November, the Clinical Translational Science Center (CTSC) Clinical Trials and Pulmonary Labs in October, the new Parking Structure on Lomas and Yale in September, and the Science & Mathematics Learning Center in November.

Four projects are in the Planning and Programming phases. The College of Education (Phase 2) is in the Planning phase waiting on voter approval on GOB funding in November 2010. The Facility for Advanced Cell Engineering (FACE) is also in the Planning phase. This project will design and construct an advanced cell-engineering lab on the ground floor of the Basic Medical Sciences Building (BMSB) in space formerly occupied by Human Anatomy. The facility will have a lab, tissue culture rooms, centrifuge/autoclave room, PCR and multi-purpose lab, histology/animal room, con-focal microscope room, and offices. Tissue culture rooms will be designed to reach equivalent of a Class 10 clean room but focus on airborne cell transmission rather than particulate counts. Programming has

begun on the Baseball Facility Renovation and the Health Sciences Education Building (Phase 3A). The Baseball renovation has been funded partially by 2010 Severance Tax Bonds. This project is Phase 1 of three phases that will renovate and replace the existing Lobo Field located in the South Campus Athletics Complex. Constrained by the expansion of adjacent sports facilities, further development will require a revised and updated Master Plan for the entire precinct surrounding baseball. The Health Sciences Education Building is an approximately 50,000 square foot classroom addition to the Domenici Center for Health Sciences Education facility on North Campus. It is also waiting on voter approval on GOB funding in November 2010.

Projects still under construction include the renovation of Castetter Hall (now in Phase 2), the Nanotechnology and Biotechnology Center, the Gallup Technology Center and Classroom Building, and the renovation of Hodgkin Hall – the first building on UNM campus. Also under construction is the 12,500 square foot UNM Dental Residency Clinic, with anticipated expansion to 20,000 square feet, which will feature 11 general dentistry operatories, 2 surgery rooms, 5 hygienist stations, and a telemedicine classroom. It will serve an estimated 45,000 patients annually. The additional expansion will also allow for the program's enrollment expansion of 10 residents in general dentistry. Groundbreaking was in August 2010.

Two major capital projects have been awarded ARRA (American Recovery and Reinvestment Act) grants, both currently in the Design phase. One is the Clinical Neurosciences Core Renovations on Main Campus. This project will renovate 9,363 square feet in Logan Hall for the Clinical Neurosciences Core facility. The project will consolidate and upgrade existing facilities and facilitate development of new research programs and early stage investigations. Included are clinical neurosciences laboratories, trans-cranial stimulation rooms, imaging and data analysis spaces, collaborative/computerized work areas, a server room, and secure data storage facilities. The second project is the Center for Molecular Discovery on the Health Sciences Center campus. This project proposes to renovate approximately 13,394 square feet of laboratory space of a 91,739 square foot building on the north campus. The existing facility was originally designed to house the New Mexico State Health Laboratory, the Office of Veterinary Diagnostic Services, and the Office of the Medical Investigator. The remodel will consist of the reorganization of existing lab spaces to support current research needs and to improve ventilation, environmental conditions, power, and special systems within the renovation zone. In addition, the areas to be renovated will address creating efficiencies in space organization and will also address ADA compliance issues. Adding mechanical control systems will improve ventilation and thermal comfort and reduce overall energy consumption. Existing fume hood exhaust systems will be augmented to lower overall energy consumption and improve indoor air quality.

Capital assets for Clinical Operations, net of accumulated depreciation, were \$297.5 million and \$304.6 million as of June 30, 2010 and 2009, respectively. Within Clinical Operations during FY10, the largest capital increase was within the major moveable equipment (\$24.8 million), building service equipment (\$11.9 million), and land, building, and improvements (\$278,000). Construction in progress decreased from 2009 (\$13.6 million). The emergency generator and chilled water systems were upgraded, the electronic medical record was implemented and the operating room suite upgrade was completed. The largest capital expenditures in major moveable equipment include the purchase of the Positron Emission Tomography (PET CT) and include the renovations to the imaging suite at the Outpatient Surgery and Imaging Services Building. Another large expenditure was the purchase of the Interventional Radiology Bi-plane angiographic system which provides frontal and lateral views to better place catheters and wires especially for neuro interventions in the distal region of the brain. In addition there was a purchase of a cardiac x-ray machine for the Cardiac Catheterization Labs. The Cardiac Catheterization

Labs are used for balloon valvulopalasty and percutaneous impella (left ventricular assist device) and provide three dimensional imaging for electrophysiology. A 64 slice dual head CT was also purchased during 2010. The largest capital expenditure in construction in progress was the Life Safety improvements. There were also renovations to the Interventional Radiology procedure room.

UNM's long-term debt, bonds payable, totaled \$622.7 million and \$640.1 million at June 30, 2010 and 2009, respectively. The University sold \$136.7 million in bonds during fiscal year 2008 to fund a variety of projects, including but not limited to: the purchase and renovation of a 120,000 square foot building to house the University Hospital Business operations, construction of new parking structures, classroom modernization, and renovation and improvement to the University's athletic facilities. Many of these projects will be self-supporting.

Infrastructure assets are defined as long-lived capital assets that normally can be preserved for a significantly greater number of years than most capital assets and that normally are stationary in nature. Examples of University infrastructure assets include domestic water systems, conduit and cabling systems, and the telecommunications systems. The following charts show a breakdown of infrastructure assets at UNM.

**Condensed Summary of Revenues, Expenses and Changes in Net Assets
For the years ended June 30**

OPERATING REVENUES BY MAJOR SOURCE

	<u>2010</u>	<u>2009</u>	<u>2008</u>
Tuition and fees	\$ 108,103,162	\$ 93,910,782	\$ 94,752,894
Grants and contracts	339,635,626	312,160,209	288,706,531
Clinical operations	490,988,130	477,891,042	381,510,475
Patient services, net	189,079,037	198,766,660	168,189,995

Net non-operating revenues	<u>\$ 523,967,787</u>	<u>\$ 430,276,921</u>	<u>\$ 585,687,341</u>

Income after other revenues, expenses, gains and losses	<u>\$ 102,645,555</u>	<u>\$ (4,960,174)</u>	<u>\$ 155,543,432</u>
--	-----------------------	-----------------------	-----------------------

Total increase in net assets	\$ 102,645,555	\$ (4,960,174)	\$ 155,543,432
------------------------------	----------------	----------------	----------------

Net assets at beginning of year	<u>\$1,351,473,664</u>	<u>\$1,356,433,838</u>	<u>\$1,200,890,406</u>
Net assets at end of year	<u>\$1,454,119,219</u>	<u>\$1,351,473,664</u>	<u>\$1,356,433,838</u>

Revenues and Expenses

The presentation of revenues, as defined by GASB, requires that we exclude state and local appropriation income when calculating the financial results of operations. This presentation method results in an “operating loss”. The operating loss is offset by “non-operating revenues (expenses)” to arrive at an actual result of operations amount. The definition of “non-operating revenues” revolves around the concept of exchange versus non-exchange transactions. State and local appropriations, along with the Bernalillo County Mill Levy, are considered revenues from non-exchange transactions, because they do not involve an exchange of value for value. Conversely, tuition income is defined as “operating revenue,” because a student pays tuition (value) to receive an education (value). Other non-operating revenues are gifts and income from investing and capital activities.

Although State of New Mexico appropriations are considered non-operating revenues in the basic financial statements, the University uses these funds to support all instruction and general programs. If state and local appropriations were included in operating revenues, they would comprise 20%, 21%, and 24% of total operating revenues for fiscal years 2010, 2009, and 2008 respectively. The following chart depicts operating revenues (with state and local appropriations) by source (some categories have been combined).

Operating Revenues

The changes in operating revenue for the University over the fiscal years of 2008, 2009, and 2010 show increases of 14.0% for 2009 over 2008 and 2.9% for 2010 over 2009. Additional enrollment and tuition rate increases in academic functions of the University are:

	<u>Fall 2009</u>	<u>Fall 2008</u>	<u>Fall 2007</u>
Enrollment increase(decrease)	5.9%	2.0%	(0.8)%
Tuition rate increase	5.5%	5.8%	5.4%

UNM's credit hour production for the 2010 academic year increased from 617,473 in 2009 to 656,711 in 2010 (+6.4%). This increase allowed us to again break the 3% enrollment band in the state of New Mexico's "base plus" funding formula allowing us to receive increased instructional support dollars. Strong retention numbers, out-of-state growth, more graduate level students and increases in high achievers choosing UNM all contributed to this enrollment success. The early patterns for the 2011 academic year indicate similar success with additional growth around 5%.

Revenue from patient services and Clinical Operations is a significant portion of the University's total net operating revenue. It is comprised of gross patient revenue, net of contractual allowances, charity care, provision for doubtful accounts, and any third-party cost report settlements. Revenue from patient services and Clinical Operations increased by 0.5% from FY09 to FY10 and 23.1% from FY08 to FY09.

UNM Health Sciences Center (HSC) encourages all patients to apply for financial assistance. UNM HSC offers a financial assistance program called UNM care. This program assigns patients primary care providers and allows them to receive care throughout UNM HSC locations. This program is available to Bernalillo County residents who meet certain income thresholds. Prior to January 1, 2010, the income threshold was set at 235% of the federal poverty level. Effective January 1, 2010, the income threshold was changed to 300% of the federal poverty level. As of June 30, 2010, 2009 and 2008, there were 27,411, 24,697 and 20,464 active enrollees, respectively. UNM HSC does not pursue collection of amounts determined to qualify as charity care, they are deducted from gross revenue.

UNM HSC also provides services to patients who do not have any form of health care insurance or do not qualify under any other financial assistance program. UNM HSC encourages patients to meet with a financial counselor to develop payment arrangements. Although UNM HSC pursues collection of these accounts usually through an extended payment plan or a discounted rate, interest is not charged on these accounts, nor are liens placed on property or assets, or judgments filed against these patients. These accounts are fully reserved and recorded as provision for uncollectible accounts. Provision expense recorded for fiscal years 2010, 2009 and 2008 was \$94.5 million, \$122.0 million and \$116.0 million, respectively.

UNM HSC incurs costs associated with providing charity care and other services for which payment is not received. As of June 30, 2010, the estimated cost of care for providing these services was \$177.8 million compared to \$180.9 million in FY09 and \$161.7 million in FY08.

Non-operating Revenues/Expenses

The net non-operating revenue increased by 21.8% from FY09 to FY10 and decreased by 26.5% from FY08 to FY09. Non-operating revenue is primarily driven by state appropriations, gifts received by the University, and investment income/loss. The major reason for the increase in non-operating revenue in FY10 is a \$100.5 million increase in investment revenue, which includes a \$52.5 million increase in unrealized gains/losses and a \$51.4 million increase in the University's portion of State Land and Permanent Fund revenue. Other significant changes in net non-operating revenue are an \$8.2 million increase in capital gifts, grants and appropriations, a \$6.1 million increase in gifts to the University and a \$21.3 million decrease in state appropriations.

Operating Expenses

GASB standards allow public universities to present operating expenses in either a functional or natural format. UNM chose to present expenses on the Statement of Revenues, Expenses and Changes in Net Assets by the major functions of the University. The chart below shows the distribution of operating expenses by functional category (smaller categories have been combined).

The charts below show total expenses by natural category (excluding clinical operations and component units) for the years ended June 30, 2010, 2009, and 2008.

Natural Expense Categories

Change in Net Assets

The University's total change in net assets showed a net increase of \$102.6 million for FY10 and a net decrease of \$5.0 million for FY09. Total net assets (assets minus liabilities) are classified by the University's ability to use these assets to meet operating needs. Net assets that are restricted as to their use by sponsoring agencies, donors or other non-UNM entities are classified as either "non-expendable" or "expendable". Restricted non-expendable net assets are true endowments and State Land and Permanent Fund assets. Restricted expendable net assets are those generated by contracts or grants, gifts, and assets required to be set aside for debt service. The restricted net assets are further classified in general terms as to the function for which they must be used. Unrestricted net assets may be used to meet operating needs of the University. Some of the major reasons for the \$102.6 million increase in net assets in FY10 include a \$40.3 million increase to investments in capital assets net of related debt, a \$12.9 million increase in the net assets of the State Land and Permanent Fund, and a \$55.0 million increase in unrestricted net assets, primarily due to the Health Sciences Center investment in the Sandoval Regional Medical Center and other clinical enterprise projects, an increase in the net assets of the UNM Medical Group, and an increase in tuition revenue. The chart below shows the change in net assets by category for the fiscal years ended June 30, 2010 and 2009.

Unrestricted Net Assets

Unrestricted net assets are subject to contractual commitments and dedications to support the missions of the University in current and future years. The net assets of unrestricted funds of the Primary Institution fall into one of three categories:

- 1) **Committed:** A formal, written commitment/contract has been made for these funds. Examples include signed employment offer letters to Deans, Department Chairs, and Research Faculty, start-up funds for new research projects, cost share on awarded sponsored agreements, and appropriated state funding for special projects.
- 2) **Dedicated:** An Executive Vice President, Vice President, Dean, or Department Chair has dedicated these funds for a clear, focused purpose to support the missions of the University.
- 3) **Discretionary:** The remaining funds that are not committed or dedicated.

The chart below is a step-down analysis of the University's unrestricted net assets.

Budget Activity

Original budgets for each fiscal year are prepared many months in advance based on: (a) prior year expenditure and revenue activity, (b) best estimates of projected revenue and expenditure activity for the budgeted year, and (c) budget reviews. During the fiscal year, original budgets are revised to more accurately reflect current needs of the institution and to include previously unanticipated events in both revenue and expenditures.

The most significant event in FY10 was the State Instruction and General, General Fund appropriation rescission of 4.0% and the Special Project rescission of 6.5%. These rescissions impacted all UNM campuses. Institutions were given flexibility in determining how to apply the rescissions.

Main Campus FY10 General Fund rescission was \$8,355,000. Actual revenues were less than budgeted revenues mainly due to the fact that contract and grant revenues were lower than expected. For Main Campus, actual expenditures were less than budgeted expenditures largely due to the need to budget enough expenditure authority for unanticipated events.

At the Health Sciences Center, the FY10 General Fund rescission was \$4,932,400. Additionally, the Health Sciences Center had to revert to the State 7.9% of its FY10 Tobacco Settlement funds, \$401,320. The total of both reversions was \$5,333,720. Adjustments were made in instruction and general, public service, research, and independent operations to reflect the funding reductions.

In addition to the state funding rescissions, the following Health Sciences Center budget adjustments were made: (a) the public service budget was decreased mainly due to transitioning the Cancer Center infusion suite to University Hospital; (b) the research budget was increased due to gains on contracts and grants; (c) in independent operations the expenses for Carrie Tingley Hospital, Children's Psychiatric Hospital, and the Office of the Medical Investigator were greater than original budget; (d) the student aid budget was increased due to an increase in endowment expenditures.

Overall, the University's change in net assets on a budgetary basis for unrestricted and restricted funds was a decrease of \$48 million (see Schedule 6). The majority of the change is in the plant fund area and is a result of spending UNM 2005 and 2007 bond proceeds on capital projects as well as a planned usage of UNM bond interest for debt service on UNM bonds.

Endowments

At June 30, 2010, the University of New Mexico's endowment assets totaled approximately \$424.8 million including approximately \$283.2 million in the Consolidated Investment Fund (CIF) and approximately \$141.6 million for the University's share of the State Permanent Fund.

The University of New Mexico Board of Regents has delegated authority to the UNM Foundation Investment Committee to act as the official "Advisory Committee" to oversee and manage the combined endowment assets of the University and the Foundation. The pooled assets are combined for investment purposes and operated as a unitized pool known as the Consolidated Investment Fund (CIF).

FY 2009-10 was a year of recovery for the capital markets. The CIF finished the year with a market value of approximately \$283.2 million, as compared to \$258.9 a year ago, and a return on investment of 10.4%, as compared to -20.5% the previous fiscal year. This return compares favorably with those for

the overall market and peer institutions. U.S. equities and international equities posted returns of 13.3% and 10.7%, respectively. Private equity investments returned 20.8%, fixed income investments returned 8.5% and marketable alternatives returned 10.6%. The real asset markets continue to struggle and posted a -4.8% return for the fiscal year. In addition to the customary investment management expenses, a development funding allocation of 1.85% of the market value was allocated from each participating fund in the CIF for 2009-10. The CIF is a well-diversified fund with an asset allocation consisting of approximately 18% U.S. equity, 18% international equity, 23% fixed income/cash, 10% private equity, 9% real assets and 22% other marketable alternative investments at June 30, 2010.

The Foundation and the University recognize the need to provide a steady and reasonably predictable stream of income while protecting the real value of the principal of the endowment. The spending policy is based on an average of 20 trailing quarters and a distribution rate in the range of 4 percent to 6 percent. For FY2009-10, the spending distribution rate was set at 4.65% which provided approximately \$15.4 million in funding for the various schools, colleges and programs that benefit from the endowment program up from approximately \$15.2 million in 2008-09.

Sponsored Programs

The University of New Mexico is a Carnegie Doctoral-Granting Research University/Very High research activity (RU/VH) - one of 96 nationwide. 63 public and 33 private institutions carry this high distinction. In order to be classified as such an institution, universities must offer a full range of baccalaureate programs, be committed to graduate education through the doctorate, give high priority to research, award 20 or more doctoral degrees each year, and be in the upper third of research expenditures compared to other doctoral granting universities.

During FY10, federal and state agencies, industry, foundations and national laboratories provided \$370 million in contract and grant awards to UNM for sponsored projects ranging from engineering to medicine and education to the humanities. The Main Campus and Branches were awarded \$228.5 million, and the Health Sciences Center (HSC) was awarded \$141.5 million.

The majority of contracts and grants, 78%, were awarded by federal agencies, while the remaining came from the following sources: State of New Mexico, 11%; foundations, 3%; industry, 3%; national laboratories, 1%; and other, 4%.

Among UNM Main Campus outstanding research units are the Center for High Technology Materials, the Center for Alcoholism, Substance Abuse and Addictions and the Center for Micro Engineered Materials. HSC's key research programs focus on the health issues of New Mexicans. Major research units at HSC include the Cancer Research and Treatment Center, General Clinical Research Center, and the Center for Infectious Disease and Immunity.

Factors Impacting Future Periods

The first building as part of the University of New Mexico's West campus located in Rio Rancho's downtown City Center opened and began serving students on January 19, 2010. The 42,000 square foot, two-story building sits on an eight and one-half acre site, master planned to ensure that future buildings will be appropriately sited around a shared parking lot. This Phase I building provides classrooms, a bookstore, a food service area, and office space for student support and for the UNM Medical Group as they prepare for construction of a hospital, the Sandoval Regional Medical Center (SRMC), at the

UNM-West campus site.

The Sandoval Regional Medical Center is projected to open in the Spring of 2012. The facility will consist of a new 68-bed building and teaching hospital on approximately 200,000 square feet, plus a 40,000 square foot medical office building. The hospital will include emergency room and inpatient/outpatient medical/surgical services, diagnostic imaging and testing, and other key clinical services. In September 2010, SRMC received a HUD commitment letter allowing the FHA-Insured Mortgage Revenue Bonds to be issued and financing of the project to occur. A memorandum of understanding was established between the UNM Medical Group (UNMMG) and SRMC providing for UNMMG to fund the initial planning and construction costs until SRMC received its funding from HUD. SRMC will then reimburse UNMMG for all costs paid by UNMMG.

In order to meet the growing demand for student housing at UNM, the UNM Board of Regents approved terms of a ground lease that allowed American Campus Communities (ACC) to begin construction on an 864-bed student housing community west of University Arena. Regents approved a lease term of 40 years with three additional options of 10 years each. In the first five years of the agreement, ACC's rent paid to UNM will grow from \$333,643 to \$375,518. In subsequent years, the rent will be 5.7% of gross revenues but no less than \$350,000. ACC will develop and construct the estimated \$40 million project at its own cost. Construction began in June 2010, and the community will be housing students starting in August 2011.

On March 24, 2010, Governor Bill Richardson signed House Bill 2. This bill reduced general funding for higher education by an average of 3.5%. The legislation also included language that if general fund revenues become insufficient to meet general fund appropriations for fiscal year 2011, the legislation authorized reductions in general fund allotments to all agencies, funds, programs and other recipients that receive a general fund appropriation in Section 4 of the General Appropriation Act of 2010. On August 12, 2010, the State Board of Finance approved a further reduction of 3.2445% in General Fund appropriations. The resulting rescission to UNM's FY11 General Fund totaled \$6,033,000 for Main Campus and \$2,956,900 for the Health Sciences Center. Additionally, the Health Sciences Center had to revert to the State a total of \$489,086 of its FY11 Tobacco Settlement funds. The total of these reductions was \$9,478,986.

On February 17, 2009, the American Recovery and Reinvestment Act (ARRA) of 2009 was passed by the United States Congress and signed into law by the President. ARRA is an economic stimulus package that allocates \$787 billion in Recovery funds to twenty-eight different federal agencies, who then award grants and contracts to state governments, schools, hospitals, contractors, or other organizations. To date, the University of New Mexico has been awarded approximately \$71 million in ARRA funding.

On March 23, 2010, President Obama signed into law the Patient Protection and Affordable Care Act (PPACA). This National Health Reform includes private insurance market reforms, expanded Medicaid eligibility provisions, Medicare and Medicaid funding reforms, value-based purchasing requirements, and amended time periods for filing Medicare fee-for-service (FFS) claims to one year from the date of service as one of many provisions aimed at curbing fraud, waste, and abuse in the Medicare program.

Health Plan reforms under PPACA include a set of required essential benefits including, but not limited to, emergency services, hospitalization, maternity and newborn care, mental health and substance use disorder services, preventative and wellness services, and pediatric services, including oral and vision

care. Plans must also not require copayment or deductible on preventative services. For plan years beginning after September 23, 2010, existing plans must provide coverage to dependent children until age 26 (unless eligible for other coverage), eliminate lifetime aggregate dollar limits and annual dollar limits on essential benefits, eliminate pre-existing condition exclusions for children up to age 19, and prohibit rescinding of coverage except in cases of fraud, intentional misrepresentation, and non-payment of premium.

Medicaid expansion under PPACA includes new eligibility criteria establishing a minimum floor for Medicaid coverage of 133% of the Federal Poverty Level (FPL), eliminating other non-income based criteria (such as age, disability, or asset testing). This FPL criteria is mandatory for State implementation January 2014 and optional for years 2010 through 2013. The population most impacted by the new eligibility criteria is expected to be childless adults. States are also prohibited from reducing Medicaid or CHIP eligibility that was in place on the date of PPACA enactment. PPACA provides additional federal financing through the Federal Medical Assistance Percentage (FMAP) for newly-eligible Medicaid patients.

The Human Services Division of the State of New Mexico (HSD) implemented cost containment measures on December 1, 2009, including a 3% reduction to the Medicaid physician fee schedule. HSD has identified a further budget shortfall for 2011 and 2012. Further cuts to the Medicaid physician fee schedule are expected.

HSD eliminated the 30 day grace period for re-enrollment under the State Coverage Insurance (SCI) program effective July 1, 2010. The SCI Program is under consideration for possible elimination from the Medical Assistance Division Budget for subsequent years.

Requests for Additional Financial Information

This financial report is designed to provide the executive and legislative branches of the State of New Mexico, the public, the University's retailers and vendors and other interested parties with a general overview of the financial position as of June 30, 2010 and 2009, and the results of its operations, cash flows, and variances from the budgets for the years then ended for the University of New Mexico.

If you have any questions about this report or need additional financial information, contact The University of New Mexico, Financial Services, 1700 Lomas NE, Suite 3100, MSC01 1300, Albuquerque, New Mexico 87131.

To download additional copies of this report, or to obtain prior year copies of this report go to <http://www.unm.edu/~conweb/finrep.html> and select the Annual Audit Report link.

See accompanying notes to the basic financial statements.

THE UNIVERSITY OF NEW MEXICO

NOTES TO THE BASIC FINANCIAL STATEMENTS

June 30, 2010 and 2009

(1) **Creation and Purpose of Entity**

The University of New Mexico (the University or UNM) was created by the Constitution of New Mexico, Sections 21-7-4 through 21-7-25, New Mexico Statutes Annotated, 1978 Compilation, under which it is responsible for providing the inhabitants of the State of New Mexico and such others as the Board of Regents may determine with the means of acquiring a thorough knowledge of the various branches of literature, science and the arts.

The University is part of the primary government of the State of New Mexico, and its financial data is included with the financial data in the State of New Mexico's Comprehensive Annual Financial Report. These financial statements present financial information that is attributable to the University and does not purport to present the financial position of the State of New Mexico.

(2) **Basis of Presentation and Summary of Significant Accounting Policies**

(A) *Basis of Presentation*

The University of New Mexico and certain component units present their financial statements in accordance with Governmental Accounting Standards Board (GASB) Statement 34 – *Basic Financial Statements and Management's Discussion and Analysis for State and Local Governments*; GASB Statement 35 – *Basic Financial Statements and Management's Discussion and Analysis for Public Colleges and Universities*; GASB Statement 37 – *Basic Financial Statements and Management's Discussion and Analysis for State and Local Governments: Omnibus*; and GASB Statement 38 – *Certain Financial Statement Note Disclosures*. This financial report provides an entity-wide perspective of the University's assets, liabilities, and net assets, revenues, expenses and changes in net assets, and cash flows.

The University has adopted GASB Statement 39, *Determining Whether Certain Organizations Are Component Units*, an amendment of GASB Statement 14 (GASB Statement 39). GASB Statement 39 provides additional guidance to determine whether certain organizations for which the University is not financially accountable should be reported as discretely presented component units based on the nature and significance of their relationship with the University. As required by GASB Statements' 14 and 39, these basic financial statements present the University and its component units, entities for which the University is considered to be financially accountable. These entities were selected for inclusion based on criteria as set forth in GASB Statements' 14 and 39. These entities are discretely presented in the financial statements as component units: The University of New Mexico Foundation, Inc.; The Robert O. Anderson Schools of Management Foundation; STC.UNM (formerly known as Science & Technology Corporation @ UNM); The University of New Mexico Lobo Club; Lobo Development Corporation, Lobo Energy, Inc.; The University of New Mexico Alumni Association; and Sandoval Regional Medical Center. The University of New Mexico Medical Group (UNMMG) is presented as a blended component unit. In addition, there are various component units operating as foundations that are not included in the financial statements as discretely presented component units due to materiality.

The University's basic financial statements also include "clinical operations." Clinical operations include the two health care providers, the University of New Mexico Hospital (Hospital) and the University of New Mexico Behavioral Operations whose operations are summarized to be compatible with University reporting; these operations are not legally separate entities and therefore are operating as divisions of the University. The clinical operations, when combined with the University's School of Medicine, College of Nursing and College of Pharmacy, are referred to as the University of New Mexico Health Sciences Center and are included in the Primary Institution financial statement information.

THE UNIVERSITY OF NEW MEXICO

NOTES TO THE BASIC FINANCIAL STATEMENTS

June 30, 2010 and 2009

The component units, the Hospital, and the University of New Mexico Behavioral Operations, have separately audited financial statements, which can be obtained at their separate administrative offices. Addresses for the component units can be found in note 19.

(B) *Basis of Accounting*

For financial reporting purposes, the University is considered a special-purpose government engaged in business-type activities. The financial statements are prepared using the economic resources measurement focus and the accrual basis of accounting in conformity with accounting principles generally accepted in the United States of America. Under the accrual basis, revenues are recognized when earned, and expenses are recorded when incurred. All significant intra-entity transactions have been eliminated.

The University has the option to apply all Financial Accounting Standards Board (FASB) pronouncements issued after November 30, 1989, unless FASB conflicts with GASB. The University has elected not to apply FASB pronouncements issued after the applicable date.

(C) *Significant Accounting Policies*

The preparation of basic financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make certain estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reported period. Actual results could differ significantly from those estimates.

Cash and cash equivalents: Cash and cash equivalents consist of all highly liquid investments with original maturities of three months or less.

Accounts receivable: The University records student accounts receivable at the time a student registers for classes. Provisions for uncollectible student accounts are recorded to maintain an adequate allowance for probable losses.

Patient receivables: The Hospital and clinical operations receive payment for services rendered to patients under payment arrangements with payors which include (i) Medicare and Medicaid, (ii) other third-party payors including commercial carriers and health maintenance organizations, and (iii) others. The following summarizes the percent of gross patient receivables from all payors as of June 30:

	<u>2010</u>	<u>2009</u>
Medicare and Medicaid	44%	41%
Other third-party payors	41%	44%
Others	15%	15%
	<u>100%</u>	<u>100%</u>

Investments: Stocks, bonds and similar investments are recorded at fair value as determined by quoted market prices. The alternative investments are carried at an estimated fair value that is determined by third-party administrators and University management. The income from the University's interest in the State of New Mexico Permanent Fund, which interests are reported as State Investment Council assets, is distributed monthly to the University.

THE UNIVERSITY OF NEW MEXICO

NOTES TO THE BASIC FINANCIAL STATEMENTS

June 30, 2010 and 2009

The endowment spending policy provides that the total annual distribution of spendable income to each unit of the Consolidated Investment Fund (CIF), a unitized investment pool, shall not exceed six percent nor be less than four percent of the average market value of a unit of the CIF. The average market value of a unit will be based on the average unit values of the CIF for the preceding twelve quarters. The target annual distribution rate shall be five percent of the average unit market value. If, in any given twelve-quarter rolling period, total return is less than target annual distribution, actual distribution shall not be less than four percent of the average unit market value for such twelve-quarter rolling period. If in any twelve-quarter rolling period the distribution exceeds five percent of the current market value, the Consolidated Investment Fund Investment Committee will determine the actual distribution.

Assets held by others, which are neither in the possession of nor under the control of the University, are not reflected in the accompanying basic financial statements. The most significant example is assets held by the Sandia Foundation from which UNM is entitled to 45% of the income, but has no title to the assets themselves. However, income earned on such assets upon which the University has claim is recorded in the accompanying basic financial statements.

Inventories: Inventories, consisting mainly of items held for resale, are principally stated at cost using the retail method, or market value if lower.

Capital assets: Capital assets are recorded at original cost, or fair value if donated. Per Section 12-6-10 NMSA 1978, the University's capitalization policy for moveable equipment includes all items with a unit cost of \$5,000 or more, and an estimated useful life of greater than one year. The University includes software purchased with a piece of equipment in the cost of capitalization. This total cost is depreciated over the useful life of the equipment. In compliance with New Mexico Administrative Code, Title 2 Public Finance, Chapter 20 Accounting by Governmental Entities, Part 1 Accounting and Control of Fixed Assets of State Government, Section 9, software purchased for internal use is capitalized and depreciated. Renovations to buildings, infrastructure and land improvements that significantly increase the value or extend the useful life of the structure are capitalized. Routine repairs and maintenance are charged to operating expense in the year in which the expense was incurred. Depreciation is calculated using the straight-line method over the estimated useful lives of the assets, generally 50 years for buildings, 20 years for land improvements and infrastructure, 5 years for library books, and equipment ranges from 3 to 15 years. Loaned equipment from private and federal sources is not owned by the University, and is not an asset. This equipment is monitored by the Unrestricted Accounting Department and totals \$4,417,544 and \$4,426,109 at June 30, 2010 and 2009, respectively.

As an institute of higher education in existence for over 100 years, the University of New Mexico has acquired significant collections of art, rare books, historical treasures and other special collections. The purpose of these collections is for public exhibition, education or research in furtherance of public service rather than financial gain. They are protected and preserved, and subject to the Regents' policies regarding accessioning and de-accessioning. However, because of their invaluable and irreplaceable nature, these collections have not been capitalized.

Bonds payable: The University adopted GASB Statement 53, Accounting and Financial Reporting for Derivative Instruments. The purpose of Statement 53 is to improve reporting information about derivative instruments in the financial reports. Derivatives are financial arrangements used to manage or hedge specific risks or to make investments. The Statement requires most derivative instruments be measured at fair value in the financial statements that are prepared using the economic resources measurement focus and the accrual basis of accounting.

THE UNIVERSITY OF NEW MEXICO

NOTES TO THE BASIC FINANCIAL STATEMENTS

June 30, 2010 and 2009

This Statement also addresses hedge accounting requirements and became effective for reporting periods beginning after June 15, 2009.

Annual leave plan: Employees are allowed to accumulate 252 hours of leave. Upon separation from employment for reasons other than retirement, death, or involuntary separation, employees are paid for unused accrued annual leave, not to exceed 168 hours. Upon separation of employment for reasons of retirement, death, or involuntary separation, employees (or their estates in case of death) are paid for unused accrued annual leave, not to exceed 252 hours.

Sick leave plan: Prior to 1984, the University's sick leave plan placed no limitation on the number of hours an employee could accumulate. When the plan was revised, the existing accumulation of hours was placed into separate pools and employees may be paid 28.5% of the value of those hours on retirement from the University. Also under the revised plan, employees are entitled to receive cash payments, at a rate equal to 50% of the employee's hourly wage, for accumulated unused sick leave exceeding 600 hours for full-time employees, 450 hours for employees with a FTE between 0.75 and full-time, and 300 hours for employees with a FTE between 0.5 and 0.75, up to 120 hours per fiscal year. Upon retirement or death, employees are paid, at a rate equal to 50% of the employee's hourly wage, for accumulated unused sick leave exceeding 600 hours for full-time employees, 450 hours for employees with a FTE between 0.75 and full-time, and 300 hours for employees with a FTE between 0.5 and 0.75, not to exceed 440 hours.

Net assets: Are classified as follows:

Invested in capital assets, net of related debt represent the University's total investment in capital assets, net of outstanding debt related to those capital assets. To the extent debt has been incurred but not yet expended for capital assets, such amounts are not included as a component of invested in capital assets, net of related debt. Unspent bond proceeds for the University are approximately \$66,606,564 and \$134,766,993 at June 30, 2010 and 2009, respectively. The Hospital had unspent bond proceeds of \$13,500,000 at June 30, 2010 and 2009.

Restricted net assets represent those operating funds on which external restrictions have been imposed that limit the purposes for which such funds can be used. *Restricted expendable* net assets are resources that the University is legally or contractually obligated to spend in accordance with imposed restrictions by third parties. *Restricted non-expendable* net assets consist of endowment and similar funds in which third parties have stipulated, as a condition of the gift instrument, that the principal is to be maintained inviolate and in perpetuity, and invested for the purpose of producing present and future income. The income generated from the principal may be expended or added to principal.

Unrestricted net assets, which may contain multiple year contractual commitments, consist of those operating funds over which the governing board retains full control to use in achieving any of its authorized purposes.

When an expense is incurred that can be paid using either restricted or unrestricted resources, the University's policy is to first apply the expense toward restricted resources, and then toward unrestricted resources.

THE UNIVERSITY OF NEW MEXICO

NOTES TO THE BASIC FINANCIAL STATEMENTS

June 30, 2010 and 2009

Revenues: Are classified as operating or non-operating according to the following criteria:

Operating revenues include activities that have the characteristics of an exchange transaction, such as a) student tuition and fees, net of scholarship discounts and allowances, b) patient services, c) sales and services, and d) contracts and grants.

Non-operating revenues include activities that have the characteristics of non-exchange transactions, such as a) appropriations, b) gifts c) investment income, and d) mill levy. These revenue streams are recognized under GASB Statement 33 – *Accounting and Financial Reporting for Non-exchange Transactions*. Appropriations are recognized in the year they are appropriated, regardless of when actually received. Gifts are recognized when all applicable eligibility requirements have been met. Investment income is recognized in the period when it is earned. The mill levy is recognized in the period it is levied by Bernalillo County.

Student tuition and fee revenues and auxiliary enterprises revenues from students are reported net of scholarship allowances in the Statements of Revenues, Expenses and Changes in Net Assets. Scholarship allowances are the difference between the stated charge for goods and services provided by the University, and the amount that is paid by students and/or third parties making payments on students' behalf. To the extent that revenues from such programs are used to satisfy tuition and fees, other student charges, and auxiliary enterprises charges, the University has recorded a scholarship allowance.

Net patient revenues are recorded at the estimated net realizable amount due from patients, third-party payors, and others for services rendered, and a provision for doubtful accounts. Retroactive adjustments under reimbursement agreements with third-party payors are accrued on an estimated basis in the period the related services are rendered and adjusted in future periods as final settlements are determined.

Contractual adjustments resulting from agreements with various organizations to provide services for amounts that differ from billed charges, including services under Medicare, Medicaid, and certain managed care programs, are recorded as deductions from patient revenues. Accounts, when determined to be uncollectible, are charged against the allowance for doubtful accounts.

The hospital and clinical operations provide care to patients who meet certain criteria under its charity care policy without charge or at amounts less than its established rates. Because the hospitals do not pursue collection of amounts determined to qualify as charity care, they are not reported as net revenue.

Contract and grant revenues are recognized when all of the eligibility requirements have been met.

Unexpended state appropriations do not revert to the state of New Mexico at the end of the fiscal year and are available to the University in subsequent years according to House Bill 2, Appropriations Act, Section J, found on Page 186.

Deferred revenue consists primarily of advances from contracts and grants.

Expenses: Are classified as operating or non-operating according to the following criteria:

Operating expenses include activities that have the characteristics of an exchange transaction, such as a) employee salaries, benefits and related expense, b) scholarships and fellowships, net of scholarship discounts and allowances, c) utilities, supplies and other services, d)

THE UNIVERSITY OF NEW MEXICO

NOTES TO THE BASIC FINANCIAL STATEMENTS

June 30, 2010 and 2009

professional fees, and e) depreciation expenses related to university property, plant and equipment.

Non-operating expenses include activities that have the characteristics of non-exchange transactions, such as interest on capital asset-related debt and bond expenses that are defined as non-operating expenses by GASB Statement 9 – *Reporting Cash Flows of Proprietary and Non-expendable Trust Funds and Governmental Entities That Use Proprietary Fund Accounting*, and GASB Statement 34.

(D) *Income Taxes*

As an instrumentality of the State of New Mexico, the income generated by the University in the exercise of its essential governmental functions is excluded from federal income tax under Internal Revenue Code (IRC) section 115. However, income generated from activities unrelated to the exempt purpose of the University would be subject to tax under IRC section 511(a)(2)(B).

As part of a state institution of higher education, the income of the University of New Mexico Hospital and the University of New Mexico Behavioral Operations is generally excluded from federal and state income taxes under Section 115(1) of the Internal Revenue Code. However, income generated from activities unrelated to these entities' exempt purpose is subject to income taxes under Internal Revenue Code Section 511(a)(2)(B).

(E) *Budgetary Process*

Operating budgets are submitted for approval to the Board of Regents, the New Mexico Higher Education Department (HED) and the State Budget Division of the Department of Finance and Administration (DFA). Similarly, separate legislative budget requests are submitted to the Board of Regents, HED and the DFA for inclusion in the State of New Mexico Executive Budget for consideration of appropriations by the state legislature.

(F) *Joint Powers Agreements*

- (1) The Regents of The University of New Mexico and the Board of County Commissioners of the County of Bernalillo entered into a lease agreement for operation and lease of county healthcare facilities, effective July 1, 1999, amended June 2004 and terminating June 20, 2040. The purpose of the agreement is to operate and maintain UNM Hospital and UNM Behavioral Operations in accordance with the provisions of the Hospital Funding Act for the term of the agreement. The agreement continues in force until rescinded or terminated by either party. UNM acts as fiscal agent, reporting revenues and expenses, and accepting audit responsibility. There is no specific amount estimated since the agreement describes an on-going relationship.
- (2) The University has entered into Joint Powers Agreements with fifty-two (52) Municipal School Districts (the Districts) throughout the state of New Mexico. The University and the Districts have formed an organization for promoting their mutual educational purposes known as the New Mexico Research and Study Council (Council). The purpose of this agreement is to create a mechanism by which the Districts can jointly and cooperatively undertake any activities in their function of providing public educational services. The University has entered into this agreement in order to facilitate such joint activities. This agreement remains in force until terminated. The Council may be terminated by a two-thirds vote of all current parties. UNM acts as fiscal agent, reporting revenues and expenses, and accepting audit

THE UNIVERSITY OF NEW MEXICO

NOTES TO THE BASIC FINANCIAL STATEMENTS

June 30, 2010 and 2009

responsibility. There is no specific amount estimated since the agreement describes an on-going relationship.

- (3) The Regents of the University of New Mexico, the Regents of New Mexico State University and the Regents of the New Mexico Institute of Mining and Technology entered into an agreement to form the New Mexico University Research Consortium (NMURC) effective May 4, 2006. The purpose of the Research Consortium is to promote statewide cooperation in attracting research resources to New Mexico, managing them for the state's higher education research facilities, other New Mexico research facilities and for the benefit of New Mexico economic development. The agreement continues in force indefinitely. Any party may choose to withdraw with sixty days written notice. At such time, the remaining parties have forty-five days to agree to maintain the NMURC or the JPA will terminate on the date of withdrawal.

(G) Reclassifications

Certain 2009 amounts have been reclassified in order to be consistent with the 2010 presentation.

(H) Deferred Bond Issuance Costs

The deferred bond issuance costs represent the Hospital's bond issuance costs for the Federal Housing Administration (FHA) Insured Hospital Mortgage Revenue Bond. The bond issuance costs are amortized over the terms of the related indebtedness using the interest method.

(I) Impact of Recently Issued Accounting Standards

- (1) GASB Statement 59 – The GASB issued GASB Statement 59, Financial Instruments Omnibus. The objective of this Statement is to update and improve existing standards regarding financial reporting and disclosure requirements of certain financial instruments and external investment pools for which significant issues have been identified in practice. The requirements of this Statement will improve financial reporting by providing more complete information, by improving consistency of measurements, and by providing clarifications of existing standards. GASB Statement 59 is effective for periods beginning after June 15, 2010, and earlier application is encouraged. The University is currently evaluating the impact GASB Statement 59 will have on the financial statements.

NOTES TO THE BASIC FINANCIAL STATEMENTS

June 30, 2010 and 2009

(3) **Cash, Cash Equivalents and Investments**

(A) *Cash and Cash Equivalents Custodial Credit Risk*

Deposits: University deposits are held in demand and time deposits at local financial institutions. State statutes require financial institutions to pledge qualifying collateral to the University to cover at least 50% of the uninsured deposits; however, the University requires more collateral as it considers prudent. All collateral is held in third-party safekeeping.

Collateralization of deposits: The carrying amounts of the primary institution's deposits with financial institutions at June 30, 2010 and 2009 were \$215,650,614 and \$177,748,322, respectively. The carrying amounts of the component units' deposits with financial institutions at June 30, 2010 and 2009 were \$37,625,307 and \$42,230,266, respectively. Bank balances are categorized as follows:

Custodial Credit Risk—Deposits. Custodial credit risk is the risk that in the event of a bank failure, the government's deposits may not be returned. The University does have a custodial risk policy for deposits, which requires collateral in an amount greater than or equal to 50% of the deposit not insured by Federal Insuring Agencies. A greater amount of collateral is required when the University determines it is prudent. Collateral must meet State of New Mexico "Security of Public Money" standards and be held in third party safekeeping.

As of June 30, 2010, the primary institution's and the component units' bank deposits were not exposed to custodial credit risk.

THE UNIVERSITY OF NEW MEXICO

NOTES TO THE BASIC FINANCIAL STATEMENTS

June 30, 2010 and 2009

(B) *Investment Custodial Credit Risk*

Custodial Credit Risk—Investments. For an investment, custodial credit risk is the risk that in the event of the failure of the counterparty, the University will not be able to recover the value of its investments or collateral securities that are in the possession of an outside party. Investments not exposed to custodial credit risk include mutual funds, external investment pools, and securities underlying reverse repurchase agreements. The summary of investments schedule provides the detail for investments exposed to custodial credit risk.

The University's custodial risk policy for short-term investments requires collateral in an amount greater than or equal to 50% of the deposit not insured by Federal Insuring Agencies. A greater amount of collateral is required when the University determines it is prudent. Collateral must meet State of New Mexico "Security of Public Money" standards and be held in third party safekeeping.

The University's custodial risk policy for investments allows investment in U. S. Treasury Securities, U.S. Government Agency obligations, stocks, securities, bonds, money market funds, commercial paper, foreign currency, certificates of deposits, mutual funds is in accordance with Chapter 6, Article 10, Section 10 of the NMSA, 1978 Compilation. Investments are made through financial institutions and are held in safekeeping in their trust departments. Repurchase agreements are collateralized by U.S. Treasury Securities with a market value of at least 102% of the principal and are used for overnight investment only. The investment of University endowment funds is in accordance with the laws of 1991, Chapter 69 of the State of New Mexico.

In accordance with UNM and the Foundation's Memorandum of Agreement, the endowment assets of the Foundation and UNM are commingled for investment purposes whenever possible in the CIF. The investment of UNM and foundation endowment funds is in accordance with Sections 6-8-10 and 46-9-1 through 46-9-12, NMSA 1978. At June 30, 2010 and 2009, UNM's portion of the CIF was \$167,833,064 and \$162,733,703, respectively.

Net appreciation on investments of donor-restricted endowments of \$9,676,128 are available for authorization for expenditure by the governing board, which are reported in net assets as restricted for purposes for which the endowment was established. The Governing Board, in accordance with NMSA 46-9A, has determined that distributions shall not exceed 6% nor be less than 4% of the Average Market Value of a unit of the CIF. The University has established a CIF Endowment and Management Investment Policy for authorizing and spending investment income.

During the year ended June 30, 2006, the University of New Mexico Board of Regents and Foundation approved several changes to the University's Consolidated Investment Fund Endowment Investment Management Policy. These included changes to the asset allocation policy establishing new minimum and maximum ranges for the various asset classes. The policy allows for maximum allocations of 20% each to real assets, private equity and hedge funds. The hedge fund allocation may include directional strategies, event driven strategies, relative value strategies and fund of hedge funds. The investment policy has been structured in accordance with the Uniform Prudent Investor Act, NMSA 45-7 (601-612).

THE UNIVERSITY OF NEW MEXICO

NOTES TO THE BASIC FINANCIAL STATEMENTS

June 30, 2010 and 2009

State Investment Council Assets: The University has an undivided interest in assets of the State of New Mexico Permanent Fund. The cost of such interest is \$126,665,216 and \$128,984,689 at June 30, 2010 and 2009, respectively. The fair value is \$141,598,075 and \$128,679,553 at June 30, 2010 and 2009, respectively. These investments are not categorized by custodial risk.

(C) *Derivatives*

The University does not permit the purchase of high risk (volatile) derivative securities.

- (D) *Credit Risk—Debt Investments.* Credit risk is the risk that an issuer or other counterparty to an investment will not fulfill its obligations. The University is required to disclose credit ratings of debt investments in order to assess credit risk. U.S. obligations, investments explicitly guaranteed by the U.S. Government, and non-debt investments are excluded from this requirement. Currently, the University does have a policy that restricts long-term investments to specific investment ratings issued by nationally recognized statistical rating organizations.

The policy states that cash equivalent reserves shall consist of interest bearing or discount instruments of the U.S. Government or agencies thereof; money market funds, corporate discounted instruments, corporate issued commercial paper rated at least A-1 by Standard & Poors and P-1 by Moody's, time deposits of U.S. or foreign banks, bankers' acceptances and fully collateralized repurchase agreements. Both U.S. and foreign offerings are permissible. Exclusive of the U.S. government and agency issues, all other fixed income securities will be A/A2 or better rated as established by at least two Nationally Recognized Statistical Rating Organizations (NRSRO's) and further reinforced by independent credit analyses. If only one NRSRO rates the bond, that rating shall apply.

THE UNIVERSITY OF NEW MEXICO

NOTES TO THE BASIC FINANCIAL STATEMENTS

June 30, 2010 and 2009

- (F) *Concentration of Credit Risk—Investments.* Concentration Risk is the risk of loss attributed to the magnitude of a government's investment in a single issuer. Investments in any one issuer that represent 5% or more of all total investments including components unit investments are considered to be exposed to concentrated credit risk and are required to be disclosed. Investments issued or explicitly guaranteed by the U.S. government and investments in mutual funds, external investment pools, and other pooled investments are excluded from this requirement. For long-term investments, the University does have a policy to limit its exposure to concentrated credit risk. It states that investments shall be diversified with the intent to minimize the risk of large investment losses. Consequently, the portfolio will be constructed and maintained to provide prudent diversification with regard to the concentration of holdings in individual issues, corporations or industries.

For the year ended June 30, 2010, the University has 41.11% of its investments in U.S. Treasuries, U.S. government agencies or mutual funds. Of the remaining 58.89%, the largest concentration, 9.76%, is in a money market fund held at Morgan Stanley.

- (G) *Foreign Currency Risk—Investments and Deposits.* Foreign currency risk is the risk that changes in exchange rates will adversely affect the fair value of an investment or a deposit. Currently, the University does have a long-term investment policy that limits its exposure to foreign currency risk. As of June 30, 2010 the University was not exposed to foreign currency fluctuations.

- (H) *Investment Income (Loss)*

At June 30, 2010 and 2009, investment income (loss) consists of the following:

	<u>2010</u>	<u>2009</u>
Primary Institution Investment Income (Loss)		
<i>Investment Revenue</i>		
Investment income	\$ 5,273,617	\$ 15,319,046

Patient receivables	\$ 293,553,520	\$ 261,105,238
Less: Allowance for doubtful accounts	<u>(204,001,514)</u>	<u>(178,597,955)</u>
	<u>\$ 89,552,006</u>	<u>\$ 82,507,283</u>
Primary Institution other receivables		
Bernalillo County Treasurer	\$ 1,462,524	\$ 1,481,242
Other receivables	1,798,582	5,622,524
	<u>\$ 3,261,106</u>	<u>\$ 7,103,766</u>

(5) Notes Receivable

Current notes receivable are shown net of allowance for doubtful accounts in the accompanying Statements of Net Assets. At June 30, 2010 and 2009, notes receivable consisted of the following:

	<u>2010</u>	<u>2009</u>
Primary Institution notes receivable, net		
Current notes receivable		
Student loans	<u>\$ 3,825,762</u>	<u>\$ 5,009,184</u>
Non-current notes receivable		
Student loans	<u>\$ 10,596,087</u>	<u>\$ 11,287,149</u>

Federal Perkins Loans make up approximately 74% and 73% of the student loans at June 30, 2010 and 2009, respectively. Under this program, the federal government provides funds for approximately 75% of the total contribution for student loans, with the University providing the balance. Under certain conditions such loans can be forgiven at annual rates of 10% to 30% of the original balance up to maximums of 50% to 100% of the original loan. The federal government reimburses the University 10% for the amounts cancelled on loans originated prior to July 1, 1993 under the Federal Perkins Loan Program.

Clinical operations-self insurance reserve	3,186,531	4,051,968
	<u>\$116,779,163</u>	<u>\$101,448,866</u>
Component Units accounts payable and accrued payroll	<u>\$ 1,493,835</u>	<u>\$ 966,507</u>

(8) Accrued Compensated Absences

During the years ended June 30, 2010 and 2009, the following changes occurred in accrued compensated absences:

Fiscal Year	Balance July 1	Additions	Deductions	Balance June 30
2010	\$41,017,962	\$49,308,156	\$ (48,216,095)	\$ 42,110,023
2009	36,362,136	53,308,449	(48,652,623)	41,017,962

The portion of accrued compensated absences due after one year is not material, and therefore, is not presented separately.

(9) Other Accrued Liabilities

At June 30, 2010 and 2009, other accrued liabilities consisted of the following:

	2010	2009
Primary Institution other accrued liabilities		
Bond interest	\$ 3,487,260	\$ 1,816,210

(12) Bonds Payable

The bonds are collateralized by substantially all unrestricted revenues excluding state appropriations and clinical operations. Bonds payable consist of the following:

	<u>2010</u>	<u>2009</u>
Subordinate Lien System Improvement Revenue Bonds Series 2007 A&B with interest ranging from 4.096% to 5.28%-final maturity 2036	\$ 136,710,000	\$ 136,710,000
Subordinate Lien System Improvement Revenue Bonds Series 2005 with interest ranging from 3.0% to 5.0% - final maturity 2035	122,125,000	123,910,000
FHA Insured Hospital Mortgage Revenue Bonds Series 2004 with interest ranging from 2.00% to 5.00% - final maturity 2031	179,005,000	183,395,000
Subordinate Lien System Refunding Revenue Bonds Series 2003A with interest ranging from 2.00% to 5.25% - final maturity 2018.	12,665,000	14,655,000
Subordinate Lien System Revenue Bonds (Taxable) Series 2003B with interest ranging from 1.35% to 5.625% - final maturity 2024	5,585,000	5,585,000
Subordinate Lien System Revenue Bonds Series 2003C with interest ranging from 4.5% to 4.6% - final maturity 2033	4,700,000	4,940,000
Subordinate Lien System Refunding & Improvement Revenue Bonds Series 2002A with interest ranging from 2.5% to 5.25% - final maturity 2032	47,570,000	49,325,000
Subordinate Lien System Refunding Revenue Bonds Series 2002B (Variable) with a synthetic fixed interest rate of 3.83% achieved through an interest rate exchange agreement with final maturity 2026	25,090,000	25,275,000
Subordinate Lien System Refunding Revenue Bonds Series 2002C (Variable) with a synthetic fixed interest rate of 3.94% achieved through an interest rate exchange agreement - final maturity 2030	36,740,000	36,840,000
Subordinate Lien System Improvement Revenue Bonds Series 2001 with interest at a variable rate with a ceiling of 12% - final maturity 2026	41,020,000	42,780,000
System Revenue Bonds Series 2000 with interest ranging from 4.65% to 6.35% - final maturity 2029	3,886,944	4,959,683
System Revenue Refunding Bonds Series 1992-A with interest ranging from 5.60% to 6.25% - final maturity 2021	22,365,000	23,810,000
	<u>\$ 637,461,944</u>	<u>\$ 652,184,683</u>
Add: Bond premium	10,792,348	12,125,189
Less: Loss on defeased bonds	(4,215,620)	(4,639,157)
Bond discounts	(2,215,557)	(2,319,385)
Current portion of bonds payable	(16,947,231)	(14,722,739)
Bond insurance and surety premiums	(1,106,102)	(1,442,683)
Original issue discount	(1,045,029)	(1,088,583)
Long term bonds payable	<u>\$ 622,724,753</u>	<u>\$ 640,097,325</u>

THE UNIVERSITY OF NEW MEXICO

NOTES TO THE BASIC FINANCIAL STATEMENTS

June 30, 2010 and 2009

Future debt service as of June 30, 2010 for the bonds is as follows:

Year ending June 30	Principal	Interest	Total
2011	16,947,231	30,378,796	47,326,027
2012	17,676,584	29,656,945	47,333,529
2013	18,404,310	28,930,808	47,335,118
2014	19,218,652	28,169,199	47,387,851
2015	20,067,934	27,332,145	47,400,079
2016-2020	116,512,233	120,545,236	237,057,469
2021-2025	148,015,000	87,073,758	235,088,758
2026-2030	140,640,000	51,732,327	192,372,327
2031-2035	130,640,000	17,679,225	148,319,225
2036-	9,340,000	467,000	9,807,000
	<u>\$ 637,461,944</u>	<u>\$ 421,965,439</u>	<u>\$ 1,059,427,383</u>

Defeased Bonds:

The University has defeased certain System Revenue Bonds as follows:

On November 13, 2002, the University of New Mexico defeased \$30,030,000 of the 2000A series. Sinking fund monies in the amount of \$35,060,001 from the Series 2002C Refunding Revenue Bonds were placed in an irrevocable trust to provide for all future debt service payments. Total cash flow savings to the University from this defeasance are \$3,215,000. Remaining principal outstanding at June 30, 2010 is \$30,030,000.

The liability for defeased bonds and the related assets held in trust are not included in the accompanying basic financial statements since the University has satisfied its obligation for payment of the defeased bonds.

THE UNIVERSITY OF NEW MEXICO

NOTES TO THE BASIC FINANCIAL STATEMENTS

June 30, 2010 and 2009

Interest Rate Swap Agreements:

On June 30, 2010, the University had the following derivative instruments outstanding:

Item/ Counter-party	Type	Objective	Notional Amount	Effective Date	Maturity Date	Terms	Fair Value
A - JP Morgan	Pay-fixed/Receive variable interest rate swap	Hedge against rising SIFMA rates related to the 2001 System Improvement Revenue Bonds (Underlying Swap)	\$ 10,255,000	10/30/2002	6/1/2026	Receive SIFMA USD - Pay 4.16% Fixed	\$ (1,336,196)
B - JP Morgan	Pay-fixed/Receive variable interest rate swap	Hedge against rising SIFMA rates related to the 2002C Refunding Revenue Bonds (Underlying Swap)	36,740,000	10/30/2002	6/1/2030	Receive SIFMA USD - Pay 3.94% Fixed	(3,496,755)
C - JP Morgan	Pay-fixed/Receive variable interest rate swap	Hedge against rising SIFMA rates related to the 2002B Refunding Revenue Bonds (Underlying Swap)	25,090,000	1/14/2003	6/1/2026	Receive SIFMA USD - Pay 3.83% Fixed	(2,641,417)
D - RBC Royal Bank	Pay-fixed/Receive variable interest rate swap	Hedge against rising SIFMA rates related to the 2001 System Improvement Revenue Bonds (Underlying Swap)	10,255,000	10/30/2002	6/1/2026	Receive SIFMA USD - Pay 4.185% Fixed	(1,357,106)
E - JP Morgan	Pay-variable/Receive variable interest rate swap	Hedge against falling SIFMA rates related to the 2001 System Improvement Revenue Bonds (Overlay Swap)	20,510,000	8/15/2006	6/1/2026	Receive 63.55% of Libor + .31% - Pay SIFMA	370,755
F - JP Morgan	Pay-variable/Receive variable interest rate swap	Hedge against falling SIFMA rates related to the 2002C Refunding Revenue Bonds (Overlay Swap)	36,740,000	8/15/2006	6/1/2026	Receive 63.55% of Libor + .31% - Pay SIFMA	481,420

The fair values of the interest rate swaps are estimated using the zero-coupon method. This method calculates the future net settlement payments required by the swap assuming that the current forward rates implied by the yield curve correctly anticipate future spot interest rates. These payments are then discounted using the spot rates implied by the current yield curve for hypothetical zero-coupon bonds due on the date of each future net settlement on the swaps.

THE UNIVERSITY OF NEW MEXICO

NOTES TO THE BASIC FINANCIAL STATEMENTS

June 30, 2010 and 2009

Risks

Credit risk. Each of the University's derivative instruments is held with the same counterparty except for Derivative Instrument D. Deterioration of credit ratings could indicate a potential inability of the counter party to make the required periodic payments. The credit ratings for each of the counterparties are as follows:

<u>Derivative Instrument</u>	<u>Counter-party Credit Rating</u>
A, B, C, E & F	A+
D	B+

Interest rate risk. The University is exposed to interest rate risk on all of its interest rate swaps. As the Securities Industry and Financial Markets (SIFMA) swap index decreases, the University's net payment on the underlying swaps increases. On its pay-variable (SIFMA), receive-variable (LIBOR) overlay interest rate swaps, as LIBOR and the Securities Industry and Financial Markets Association (SIFMA) swap index increases, the University's net payment on the overlay swaps increases.

Basis risk. The variable-rate debt hedged by the University's derivative instruments are variable-rate demand obligation (VRDO) bonds that are remarketed every 7 days. The University is exposed to basis risk on its pay-variable (SIFMA), receive variable (LIBOR) overlay interest rate swaps because the variable-rate payments received by the University on these derivative instruments are based on a rate (LIBOR) other than the index (SIFMA) the University pays on the VRDO bonds. At June 30, 2010, the SIFMA variable rate is .38% while the percentage of LIBOR rate is 1.52%.

Termination risk. The University or its counterparties may terminate a derivative instrument if the other party fails to perform under the terms of the contract. In addition, the University is exposed to termination risk on Derivative Instruments B and C because the contract provides the counterparty with a knock-out option to terminate the contract if the 180 day SIFMA is equal to or greater than 7%. The 180 day SIFMA is defined as the weighted average rate taken off the USD floating SIFMA Index Rates published within the previous 180 day period. If at the time of termination, a derivative instrument is in a liability position, the University would be liable to the counterparty for a payment equal to the liability, subject to netting arrangements.

Rollover risk. The University is exposed to rollover risk on hedging derivative instruments that are hedges of debt that mature or may be terminated prior to the maturity of the debt. When these derivative instruments terminate, or in the case of a termination option, if the counterparty exercises its option, the University will be re-exposed to the risks being hedged by the derivative instrument. Derivative Instruments B and C expose the University to rollover risk because the counterparty has the option to terminate the contract by exercising a knock-out option.

Foreign Currency risk. The University has no exposure to foreign currency risk from its derivative instruments.

Commitments

All of the University's derivative instruments include provisions that require the University to post collateral in the event its credit rating falls below certain levels. The University has entered into a two-way Credit Support Annex (CSA) with the swap counter-parties which is based on each party's long-term unsecured unsubordinated debt rating. The following matrix dictates the potential collateral postings if the swaps mark-to-market values are above the mandated thresholds.

THE UNIVERSITY OF NEW MEXICO

NOTES TO THE BASIC FINANCIAL STATEMENTS

June 30, 2010 and 2009

Rating	Swap MTM Threshold
AA-/Aa2 and >	USD \$25,000,000
AA-/Aa3	USD \$20,000,000
A+/A1	USD \$15,000,000
A/A2	USD \$10,000,000
A-/A3	USD \$5,000,000
BBB+/Baaa1 and <	0

The collateral to be posted is to be in the form of U.S. Treasury securities in the amount of the fair value of derivative instruments in liability positions net of the effect of applicable netting arrangements. If the University or the counterparty does not post collateral, the derivative instrument may be terminated. The University's credit rating is AAA/Aaa at June 30, 2010; therefore, no collateral has been posted.

Derivative Instrument Payments and Hedged Debt

As of June 30, 2010, aggregate debt service requirements of the University's debt (fixed-rate and variable-rate) and net receipts/payments on associated hedging derivative instruments are presented below. These amounts assume that current interest rates on variable-rate bonds and current reference rates of hedging derivative instruments will remain the same for their term. As these rates vary, interest payments on variable-rate bonds and net receipts/payments on the hedging derivative instruments will vary. The hedging derivative instruments column reflects only net receipts/payments on derivative instruments that qualify for hedge accounting.

Fiscal Year Ending June 30	Principal	Interest	Hedging Derivative Instruments, Net	Total
2011	\$2,385,000	\$ 108,703	\$ 2,827,881	\$ 5,321,584

2027	2,900,000	-	100,572	3,000,572
2028	3,030,000	-	71,878	3,101,878
2029	3,160,000	-	44,477	3,204,477
2030	2,470,000	-	18,525	2,488,525

Fiscal Year Changes in Swap Valuations

Fiscal year 2010 was the initial year for the implementation of GASB Statement 53, which requires the University to disclose its interest rate swap valuations in the audited financial statements. The swaps were put in place starting in

THE UNIVERSITY OF NEW MEXICO

NOTES TO THE BASIC FINANCIAL STATEMENTS

June 30, 2010 and 2009

fiscal years 2002 and 2003. The University has recorded the swaps at their estimated fair values as of June 30, 2010. Swaps A through D are deemed cash flow hedges, and therefore, in addition to recording the liability at fair value, the University has recorded an offsetting asset titled "deferred cash outflow". Swaps E and F are not cash flow hedges but rather are considered investment swaps, and changes in their fair value are to be recorded to investment income (loss). Given the fair value of swaps E and F are not material at either June 30, 2010 or 2009, their entire fair values were recorded to investment income in fiscal year 2010 rather than restating the 2009 financial statements. The fair value change for fiscal year 2010 (from July 1, 2009 to June 30, 2010) for the hedge instruments was a \$3,834,963 increase to the liability.

(13) Health Care Revenue

A summary of net patient service revenues follows for the years ended June 30:

Primary Institution	2010	2009
Charges at established rates	\$ 384,737,880	\$ 375,572,604
Charity care	(51,451,431)	(45,583,724)
Contractual adjustments	(119,567,289)	(107,974,791)
Provision for doubtful accounts, net	(24,640,123)	(23,247,429)
Total net patient services revenues	<u>\$ 189,079,037</u>	<u>\$ 198,766,660</u>

Below is a breakdown of the hospital and clinical operations operating revenues:

Clinical Operations	2010	2009
Charges at established rates	\$1,217,882,668	\$1,146,251,000
Charity care	(217,448,839)	(188,246,901)
Contractual adjustments	(449,931,643)	(392,942,451)
Provision for doubtful accounts, net	(69,812,684)	(98,728,054)
Net patient services revenues	<u>\$ 480,689,502</u>	<u>\$ 466,333,594</u>
Other operating revenues	<u>10,298,628</u>	<u>11,557,448</u>
Total operating revenues	<u>\$ 490,988,130</u>	<u>\$ 477,891,042</u>

The Hospital is reimbursed from the Medicare and Medicaid programs for certain reimbursable items at an interim rate with final settlement determined after submission of annual cost reports by the Hospital. The annual cost reports are subject to audit by the Medicare intermediary and the Medicaid audit agent. Cost reports through 2005 have been final settled for the Medicaid programs. Cost reports through 2004, 2006 and 2007 have been final settled for the Medicare program. Retroactively calculated contractual adjustments arising under reimbursement agreements with third-party payors are accrued on an estimated basis in the period the related services are rendered and adjusted in future periods as final settlements are determined. Such estimates are reported as estimated third-party payor settlements in the accompanying Statements of Net Assets.

In the 2003 legislative session, the New Mexico State Legislature amended Section 7-1-6.11, NMSA 1978, to provide, in part, for a distribution of 14.52% of the net receipts of cigarette excise tax revenues to the New Mexico Finance Authority (NMFA) for the benefit of the University of New Mexico Health Sciences Center. The act permits the NMFA to issue and sell revenue bonds in an amount not to exceed \$60.0 million for a term not to exceed 15 years, for the purpose of designing, constructing, equipping and furnishing additions and improvements to the Hospital and the Cancer Research Treatment Center at the University of New Mexico Health Sciences Center.

The principal and interest on both the 2004A and 2004B bonds are payable from and secured by a distribution of certain cigarette excise taxes imposed and collected in the State of New Mexico. The 2004A and 2004B bonds, together with interest thereon, are not an indebtedness of the University of New Mexico, or the Hospital, but are special limited obligations of the NMFA payable solely from and secured solely by the cigarette tax revenues and amounts in certain funds and accounts created under the indenture.

THE UNIVERSITY OF NEW MEXICO

NOTES TO THE BASIC FINANCIAL STATEMENTS

June 30, 2010 and 2009

(14) Leases

At June 30, 2010 and 2009, the University and the clinical operations had various lease arrangements summarized as follows:

(A) *University and clinical operations as Lessees*

(a) Capital Leases

Any existing capital leases are immaterial and accordingly, there are no capital leases recorded at June 30, 2010 and 2009.

(b) Operating Leases

The University's rent expense for operating leases amounted to \$5,890,976 and \$6,062,864 for the years ended June 30, 2010 and 2009, respectively.

The clinical operations are committed under various leases for building and office space and data processing equipment. Rental expenses on operating leases and other non-lease equipment were \$9,609,000 and \$10,357,000 in 2010 and 2009, respectively, and includes amounts paid to the University of \$3,299,738 and \$2,364,177 in 2010 and 2009, respectively, which is eliminated in the government-wide financial statements.

(c) Minimum Lease Payments

The following is a schedule of future minimum lease payments for Primary Institution operating leases at June 30, 2010:

Year ending	Lease
<u>June 30</u>	<u>Payments</u>
2011	\$3,093,693
2012	1,117,964
2013	572,662
2014	406,277
2015	246,337
2016-2020	183,496
2021-2025	39,943
	<u>\$5,660,372</u>

THE UNIVERSITY OF NEW MEXICO

NOTES TO THE BASIC FINANCIAL STATEMENTS

June 30, 2010 and 2009

(B) *University as Lessor*

The University is lessor of various properties. For the years ended June 30, 2010 and 2009, respectively, total lease income, which includes annually renewable lease agreements, was \$5,157,412 and \$5,983,042.

The following is a schedule of minimum future lease income under lease terms exceeding one year as of June 30, 2010:

Year ending	Lease
<u>June 30</u>	<u>Payments</u>
2011	\$4,635,784
2012	3,603,619
2013	3,262,611
2014	2,869,777
2015	311,170
2016-2020	1,298,056
2021-2025	2,532,661
2026-2030	325,197
2031-2035	426,277
2036-	1,567,268
	<u>\$20,832,420</u>

(15) **Risk Management**

The University currently is a party to various litigation claims in the ordinary course of business. The University participates in the State of New Mexico Risk Management Program (Risk Management) that provides general liability, auto liability, medical malpractice, physical damage and workers' compensation insurance. The Risk Management program liability insurance coverage includes most employee liability claims; those claims falling outside this state program are in limited amounts and are covered by the University from its operating budget. During fiscal year 2009-2010, the University paid Risk Management \$18,772,890 in insurance premiums. During fiscal year 2008-2009, the University paid Risk Management \$19,951,249 in insurance premiums. The University's exposure is limited to \$1,000 per any first party incurred property loss, with the exception of theft, which has a \$5,000 deductible. After conferring with legal counsel concerning pending litigation and claims, the University administration believes that the outcome of pending litigation should not have a materially adverse effect on the financial position or operations of the University.

As a part of the University of New Mexico, the Hospital enjoys sovereign immunity from suit for tort liability except as waived by the New Mexico legislature. In this connection, under the New Mexico Tort Claims Act, the New Mexico Legislature waived the State's and the Hospital's sovereign immunity for claims arising out of negligence out of the operation of the Hospital, the treatment of the Hospital's patients, and the healthcare services provided by Hospital employees. In addition, the New Mexico Tort Claims Act limits, as an integral part of this waiver of sovereign immunity, the amount of damages that can be assessed against the Hospital on any tort claim including medical malpractice or professional liability claims.

The New Mexico Tort Claims Act provides that total liability for all claims that arise out of a single occurrence shall not exceed \$750,000 set forth as follows: (a) \$200,000 for real property; (b) up to \$300,000 for past and future medical and medically related expenses; and (c) up to \$400,000 for past and future noneconomic losses (such as pain and suffering) incurred or to be incurred by the claimant. The language of the New Mexico Tort Claims Act does not provide for claims of loss of consortium, however, New Mexico appellate court decisions have allowed claimants to seek consortium. Risk Management Division of the State of New Mexico General Services Department (State RMD) and UNM contend that these damages are contained within the \$750,000 cap. The New Mexico Tort Claims Act prohibits the award of punitive or exemplary damages against the Hospital. The New Mexico Tort Claims Act requires the State RMD to provide coverage to the Hospital for those torts where the Legislature has waived the State's sovereign immunity up to the damages limits of the New Mexico Tort Claims Act plus the cost incurred in defending any claims

THE UNIVERSITY OF NEW MEXICO

NOTES TO THE BASIC FINANCIAL STATEMENTS

June 30, 2010 and 2009

and/or lawsuits (including attorney's fees and expenses), with no deductible and with no self-insured retention by the Hospital. As a result of the foregoing, the Hospital is fully covered for claims and/or lawsuits relating to medical malpractice or professional liability.

The University receives grants and other forms of reimbursement from various federal and state agencies. These activities are subject to audit by agents of the funding authority, the purpose of which is to ensure compliance with conditions precedent to providing such funds. University administration believes that the liability, if any, for reimbursement that may arise as the results of audits, would not be material to the financial position or operations of the University.

Effective July 1, 2009, the University began self-insuring its health and dental benefits. Under the plans, all eligible employees are provided access to the provider networks of Lovelace Health Plan and Presbyterian Health Plan for health services, and Delta Dental for dental services. Lovelace Health Plan and Presbyterian Health Plan provide administrative claim payment services for the University's health plans and Delta Dental for the dental plan. Liabilities are based on an estimate of claims that have been incurred but not reported, invoices received but not yet paid, and catastrophic claims not covered by our excess claims carriers. At June 30, 2010, the estimated amount of the University's claims and accrued invoices was \$16.5 million, which is included in accrued payroll. The liability for claims incurred but not reported was based on the actuarial analysis calculated using information provided by Healthcare Analytics. Changes in the reported liability for health, dental, and life operations resulted from the following:

	Beginning of Fiscal -Year Liability	Claims and Changes in Estimates	Claim Payments	Balance at Fiscal-Year End
2009-2010	\$ -	\$64,848,135	\$(48,314,251)	\$16,533,884

The UNM Hospital sponsors a self-insured health plan in which UNM Behavioral Operations also participate, as all employees are under the centralized umbrella of UNM Hospital. Blue Cross and Blue Shield of New Mexico and HMO New Mexico (BCBSNM and HMONM) provide administrative claim payment services for the Hospital's plan. Liabilities are based on an estimate of claims that have been incurred but not reported and invoices received but not yet paid. At June 30, 2010 and 2009, the estimated amount of the Hospital's claims and accrued invoices was \$2.9 million and \$3.7 million, respectively, which is included in accrued payroll. As the Hospital receives all cash and pays all obligations of UNM Behavioral Operations, the estimated amount of the UNM Behavioral Operations' claims and accrued invoices recorded in the Hospital's accrued payroll was approximately \$287,000 and \$358,000 at June 30, 2010 and 2009. The liability for claims incurred but not reported was based on an actuarial analysis calculated using information provided by BCBSNM. Changes in the reported liability for clinical operations resulted from the following:

	Beginning of Fiscal -Year Liability	Claims and Changes in Estimates	Claim Payments	Balance at Fiscal-Year End
2009-2010	\$ 4,051,968	\$ 28,180,196	\$ (29,045,633)	\$3,186,531
2008-2009	2,967,781	25,437,267	(24,353,080)	4,051,968

NOTES TO THE BASIC FINANCIAL STATEMENTS

June 30, 2010 and 2009

(16) Retirement Plans and Post-Employment Benefits

(A) University

Plan Description

Substantially all of the University's full-time employees participate in a public employee retirement system authorized under the Educational Retirement Act (Chapter 22, Article 11, NMSA 1978). The Educational Retirement Board (ERB) is the administrator of the plan, which is a cost-sharing multiple-employer defined benefit retirement plan. The plan provides for retirement benefits, disability benefits, survivor benefits and cost-of-living adjustments to plan members (certified teachers, and other employees of State public school districts, colleges and universities) and beneficiaries. ERB issues a separate, publicly available financial report that includes financial statements and required supplementary information for the plan. That report may be obtained by writing to ERB, P.O. Box 26129, Santa Fe, NM 87502. The report is also available on ERB's website at www.nmerb.org.

Funding Policy

Plan members are required to contribute 7.9% of their gross covered salary if they earn less than \$20,000 per year and 9.4% of their gross covered salary if they earn \$20,000 or more per year. The University is required to contribute 12.4% of the gross covered salary for members that earn less than \$20,000 per year and 10.9% of the gross covered salary for members that earn \$20,000 or more per year. The contribution requirements of plan members and the University are established in State statute under Chapter 22, Article 11, NMSA 1978. The requirements may be amended by acts of the legislature. The University's contributions to ERB for the fiscal years ending June 30, 2010, 2009, and 2008, were \$42,968,211, \$43,803,696, and \$38,968,790, respectively, which equal the amount of the required contributions for each fiscal year.

Post-Employment Benefits

Vesting in Retirement Benefits: A member becomes vested once he/she has met service requirements and has made contributions to the retirement plan for at least five years. Service requirements are satisfied by five or more years of "earned service credit" (actual service) or an "allowed service credit."

Determination of Benefits: The annual benefit is equal to 2.35% of the average of the five highest consecutive years' salary multiplied by the number of years of service (earned and allowed credit). Benefit may be reduced by election of an option that guarantees continuous income to a surviving beneficiary. The benefit may also be reduced if the member has less than 25 years service and is less than age 60.

Eligibility for Retirement Benefits: Eligibility follows the Rule of 75. Employees whose age plus the number of years of earned service credit equals 75 are eligible for retirement benefits. Eligibility for retirement benefits also occurs for employees having a combination of 25 years of earned and allowed service credit. Employees with less than 25 years of earned service credit are also eligible for limited retirement benefits at age 65 with five years of earned service credit.

Allowed Service Credit: Up to five years of allowed service credit may be purchased by an administrator, teacher or employee in one of the following: any public educational system in the United States, any U.S. Military Dependent school, any accredited private school or Federal Education program in New Mexico. The cost of purchase is based on actuarial cost and ranges from approximately 18% of current full time earnings to as much as 68% of current full time earnings for each year of service purchased. Up to five years of active military service may be purchased if payment is made within three years of the effective date of coverage under the Educational Retirement Act. The cost of purchase is 10.5% of member's average annual salary for all years of covered employment for each year purchased.

THE UNIVERSITY OF NEW MEXICO

NOTES TO THE BASIC FINANCIAL STATEMENTS

June 30, 2010 and 2009

(B) Hospital

The Hospital has a defined contribution plan covering eligible employees, which provides retirement benefits. The name of the plan is UNM Hospital Tax Sheltered Annuity Plan, formerly known as the University of New Mexico Hospital/Bernalillo Medical Center Tax Sheltered Annuity Plan. The Hospital contributes either 5.5% or 7.5% of an employee's salary to the plan, depending on employment level. The Plan was established by the UNM Hospital Board of Trustees and can be amended at its discretion. The Plan is administered by the Hospital's Human Resources Department.

The Hospital also has a deferred compensation plan, called the UNM Hospitals 457(b) Deferred Compensation Plan, which provides employees with additional retirement savings plan. The Hospital does not contribute to this plan. Employees can make voluntary contributions to this plan. The Plan was established by the UNM Hospital Board of Trustees and can be amended at its discretion. The Plan is administered by the Hospital's Human Resources Department.

In addition, the Hospital has a 401(a) defined contribution plan, called the UNM Hospital 401(a) Plan, which was established for the purpose of providing retirement benefits for eligible participants and their beneficiaries. The 401(a) plan allows for tax-deferred employer contributions on a percentage-of-salary basis. The plan was established by the UNM Hospital Board of Trustees and can be amended at its discretion. All assets of the plan are held in a trust fund, are not considered hospital assets, and are under the direction of a Plan Administrator.

The Hospital also has a defined benefit plan that covers all employees who were members of the clerical and service worker collective bargaining unit as of June 30, 1977 and had completed a year of service prior to June 30, 1977. The name of the plan is University of New Mexico/BCMC Retirement Plan B. There are currently 115 participants included in this plan. Actuarial pension data for this plan may be obtained by writing to UNM Hospital's Human Resources Department, P.O. Box 80600, Albuquerque, NM 87198-0600.

Total employer expense under the plans was \$10,759,000 and \$9,299,000 in 2010 and 2009, respectively. Total employee contributions under the plans were \$13,281,000 and \$12,434,000 in 2010 and 2009, respectively.

(C) Other Post Employment Benefits

Plan Description. The University and the UNM Hospital and UNM Behavioral Operations are single employers that offer employees and their eligible dependents retiree benefits. The UNM Hospital and UNM Behavioral Operations employees and retirees participate under the same benefit plan. Therefore, for the purpose of this consolidated footnote, "the Hospital", refers to these two reporting entities. For the University, the authority to establish and amend the benefit provisions and contribution requirements rests with the Board of Regents. For the Hospital, the authority to establish and amend the benefit provisions rests with the Human Resource Administrator and the Chief Executive officer.

Retirees of the University are offered a choice of two medical plans, including prescription drugs: a fully insured plan through United Healthcare and a minimum premium plan through Lovelace Health Plan. Medicare retirees (for retirees 65 years of age and over) are offered a choice of three fully insured medical plans, including prescription drugs, of which two are through Lovelace Health Plan and one is through Presbyterian Health Plans. Medicare retirees are also offered two Medicare Advantage plans, and a Supplemental plan administered by AARP / United Healthcare. Retirees are also offered two self-funded dental plans, and basic life insurance benefits through age 65. The University pays the same percent of the premium for medical, dental and life insurance that the employee was eligible for at the time of retirement, until age 65 when some coverage may change.

Employees of the University who choose to participate in the New Mexico Educational Retirement Board (ERB) pension plan are eligible to retire when one of the following criteria is met:

- Age and earned service credits equal 75 or more
- Earned service credit and/or allowed service credit total 25 years or more
- Age 65 with at least 5 years of earned service credit

THE UNIVERSITY OF NEW MEXICO

NOTES TO THE BASIC FINANCIAL STATEMENTS

June 30, 2010 and 2009

Alternatively, certain eligible employees may choose to participate in the Alternative Retirement Plan (ARP), a defined contribution plan, and are eligible to retire when all of the following criteria are met:

- Completion of 5 consecutive years of service with the University immediately prior to retirement
- At least age 59 ½ at the time of application for retirement
- Have been actively enrolled in health, dental and life insurance by a local group health insurance policy for at least 4 of the last 5 years and are presently enrolled in one of UNM's health insurance plans during the last 12 consecutive months of employment at UNM

For the University, at the valuation date of July 1, 2009, there were 2,121 retirees, 5,421 not fully eligible active employees, and 890 fully eligible employees.

Eligible retired employees of the Hospital are offered combined medical/prescription drug benefits through the Hospital's self-insured health plan administered by Blue Cross and Blue Shield of New Mexico. Eligible retired employees are also offered dental insurance through the Hospital's self-insured Dental plan insurance.

Employees are eligible to retire from UNM Hospital when:

- The employee reaches the minimum age of 50; and
- The employee has at least five years of continuous employment; and
- The employee has a combined age plus year of service sum of at least 70 (hire date prior to July 1, 2009) and 75 (hire date after July 1, 2009).

For the Hospital, at the date of valuation July 1, 2009, there were a total of 21 retirees, 378 active fully eligible and 4,611 not fully eligible plan participants.

Funding Policy. The University and the Hospital do not use a trust fund to administer the financing and payment of benefits. The retired employees that elect to participate in post employment benefits are required to make contributions in the form of monthly premiums based on current rates established under the medical and dental plans.

The University and Hospital fund the plans on a pay-as-you-go basis. The pay-as-you-go expense is the net expected cost of providing retiree benefits, and includes all expected claims and related expenses and is offset by retiree contributions. The pay-as-you-go expense of the University for fiscal year 2010 was \$5,276,000, net of retiree contributions. The pay as you go expense of the Hospital for fiscal year 2010 was \$132,000, net of retiree contributions.

Actuarial Methods and Assumptions. Projections of benefits for financial reporting purposes are based on the substantive plan (the plan as understood by the employer and the plan members) and include the types of benefits provided at the time of each valuation and the historical pattern of sharing of benefit costs between the employer and plan members to that point. The actuarial methods and assumptions used include techniques that are designed to reduce the effects of short-term volatility in actuarial accrued liabilities and the actuarial value of assets, consistent with the long-term perspective of the calculations.

In the July 1, 2009 actuarial valuations, the unit credit actuarial cost method was used. The actuarial assumptions included a 4.5% percent annual discount rate. Currently, the plans are considered to be unfunded as there are no assets, and retiree benefits are expected to be paid annually on a cash basis. The actuarial valuation assumes an annual health care cost trend on a select and ultimate basis: medical benefits on a select basis at 11% and on an ultimate basis at 5%, and dental benefits on a select and ultimate basis at 5%. The select trend rates are reduced .5% each year until reaching the ultimate trend. The unfunded actuarial accrued liability (UAAL) is amortized over the maximum acceptable period of 30 years and is calculated assuming a level percentage of projected payroll. Payroll is projected to increase 2% per year.

Annual OPEB Cost and Net OPEB Obligation. The Primary Institution's annual other postemployment benefit (OPEB) cost (expense) is calculated based on the annual required contribution of the employer (ARC), an amount actuarially determined in accordance with the parameters of GASB Statement 45. The ARC represents a level of funding that, if paid on an ongoing basis, is projected to cover normal cost each year and amortize any unfunded

THE UNIVERSITY OF NEW MEXICO

NOTES TO THE BASIC FINANCIAL STATEMENTS

June 30, 2010 and 2009

actuarial liabilities (or funding excess) over a period not to exceed thirty years. The following table shows the components of the University's and Hospital's annual OPEB cost for the year, the amounts actually contributed to the plans, and changes in the University's and Hospital's net OPEB obligation.

	University	Hospital	Total
Annual required contribution	\$ 12,213,000	\$ 3,038,884	\$ 15,251,884
Interest on net OPEB obligation	263,000	47,000	310,000
Adjustment to annual required contribution	(223,000)	(40,000)	(263,000)
Annual OPEB cost (expense)	12,253,000	3,045,884	15,298,884
Contributions made	5,276,000	131,884	5,407,884
Increase in net OPEB obligation	6,977,000	2,914,000	9,891,000
Net OPEB obligation beginning of year	5,836,000	1,163,000	6,999,000
Net OPEB obligation end of year	\$ 12,813,000	\$ 4,077,000	\$ 16,890,000

The annual OPEB cost, the percentage of annual OPEB cost contributed to the plan, and the OPEB obligation for fiscal year 2010 is as follows:

	University	Hospital	Total
Annual OPEB Cost	\$ 12,253,000	\$ 3,045,884	\$ 15,298,884
% of Annual OPEB Cost Contributed	43.1%	4.3%	35.3%
Net OPEB Obligation	\$ 12,813,000	\$ 4,077,000	\$ 16,890,000

Funded Status and Funding Progress. As of July 1, 2009, the most recent actuarial valuation date, the plans were not funded. The University's actuarial accrued liability (AAL), the present value of all future expected postretirement health payments and administrative costs attributable to past service, was \$131,868,000, and the actuarial value of assets was zero, resulting in an unfunded actuarial accrued liability (UAAL) of the full \$131,868,000, or a funded ratio of 0%. The covered payroll (annual payroll of active employees covered by the plan) was \$485,663,779, and the ratio of the UAAL to the covered payroll was 27.2%.

The Hospital's AAL was \$20,287,000, and the actuarial value of assets was zero, resulting in an UAAL of the full \$20,287,000 or a funded ratio of 0%. The covered payroll was \$234,708,560 and the ratio of the UAAL to the covered payroll was 8.6%.

Actuarial valuations of an ongoing plan involve estimates of the value of reported amounts and assumptions about the probability of occurrence of events far into the future. Examples include assumptions about future employment, mortality, and the healthcare cost trend. Amounts determined regarding the funded status of the plans and the annual required contributions of the employer are subject to continual revision as actual results are compared with past expectations and new estimates are made about the future. The Schedule of Funding Progress and Employer Contributions (Schedule 1), presented as required supplemental information following the notes to the financial statements, presents multi-year trend information about whether the actuarial value of plan assets is increasing or decreasing over time relative to the actuarial accrued liabilities for benefits.

(17) Commitments and Contingencies

(A) Commitments

In addition to the lease commitments in Note 14, the Primary Institution had commitments totaling \$202,678,776 and \$374,802,753 for the years ended June 30, 2010 and 2009, respectively. These commitments consisted of the following:

	<u>2010</u>	<u>2009</u>
Materials and Services	\$ 98,846,296	\$ 165,121,851
Construction Projects	103,832,480	209,680,902
Total	<u>\$ 202,678,776</u>	<u>\$ 374,802,753</u>

(B) Contingencies

The University is liable or contingently liable in connection with certain claims that arise in the normal course of its activities. It is the opinion of management that uninsured losses resulting from these claims would not be material to the University's financial position or operations.

The University receives governmental grants that may be refundable in the event that all terms of the grants are not complied with.

(C) Mortgage Reserve Fund

On November 15, 2004, the Hospital established a mortgage reserve fund in accordance with the requirements and conditions of the Federal Housing Administration (FHA) Regulatory Agreement. Future Mortgage Reserve Fund contributions are summarized as follows:

	<u>Annual</u> <u>Contribution</u>
2011	\$ 2,621,545
2012	2,728,351
2013	2,325,566
2014	2,420,313
2015	2,518,921
2016-2017	5,349,896
	<u>\$ 17,964,592</u>

THE UNIVERSITY OF NEW MEXICO

NOTES TO THE BASIC FINANCIAL STATEMENTS

June 30, 2010 and 2009

(18) Unrestricted Net Assets – Committed and Dedicated

Unrestricted net assets are subject to contractual commitments and dedications to support the missions of the University in current and future years. The net assets of unrestricted funds of the Primary Institution fall into one of three categories:

- **Committed:** A formal, written commitment/contract has been made for these funds. Examples include signed employment offer letters to Deans, Department Chairs, and Research Faculty, start-up funds for new research projects, cost share on awarded sponsored agreements, and appropriated state funding for special projects.
- **Dedicated:** An Executive Vice President, Vice President, Dean, or Department Chair has dedicated these funds for a clear, focused purpose to support the missions of the University.
- **Discretionary:** The remaining funds that are not committed or dedicated.

The following is a breakdown of the University's unrestricted net assets as of June 30, 2010:

Unrestricted net assets		\$ 480,739,644
Less:		
Working capital - patient care operations		
Clinical operations - UNMH's	136,525,725	
Physician services - SOM	24,539,865	
Total working capital - patient care operations		161,065,590
Committed		55,442,964
Dedicated		
Plant funds - repair and replacement	117,888,004	
Quasi endowment funds - Regents' scholarships	77,489,959	
Student loan funds	799,221	
Other	56,357,131	
Total dedicated		252,534,315
Ending discretionary funds balance		\$ 11,696,775

(19) Component Units

Blended Component Units

(A) *University of New Mexico Medical Group*

University of New Mexico Medical Group (UNMMG) is a non-profit corporation that was organized to promote, advance, and support the clinical scientific, educational, research, and charitable purposes of the School of Medicine (SOM) and the University of New Mexico Health Sciences Center (UNM HSC). UNMMG is a blended component unit of the University of New Mexico (UNM) and is reported as such in the basic financial statements of UNM. University of New Mexico Medical Group, 933 Bradbury Street SE, Suite 2222, Albuquerque, NM 87106.

Discretely Presented Component Units

(B) *The University of New Mexico Foundation, Inc.*

The University of New Mexico Foundation, Inc. (Foundation) is a non-profit corporation, organized to solicit, receive, hold, invest and transfer funds for the benefit of the University of New Mexico. The majority of the Foundation's investments are managed by the University. The University of New Mexico Foundation, Inc., Two Woodward Center, 700 Lomas Blvd. NE, Suite 108, Albuquerque, NM 87131.

THE UNIVERSITY OF NEW MEXICO

NOTES TO THE BASIC FINANCIAL STATEMENTS

June 30, 2010 and 2009

(C) *The Robert O. Anderson Schools of Management Foundation*

The Robert O. Anderson Schools of Management Foundation (ASMF) is a non-profit corporation organized in 1971 to promote continued education to the business community. ASMF provides professional workshops, seminars, guest symposiums, a master's degree program and funding for various faculty fellowships, research grants and student scholarships. The University of New Mexico, The Robert O. Anderson Schools of Management Foundation, 1924 Las Lomas, NE, Albuquerque, NM 87131.

(D) *STC.UNM (formerly known as Science & Technology Corporation @ UNM)*

STC.UNM (formerly known as Science & Technology Corporation @ UNM), is a non-profit corporation formed under the auspices of the 1989 New Mexico University Research Park Act and the New Mexico Non-profit Corporation Act. The business of the corporation is to manage the commercialization of technologies developed by the University's faculty and manage the real estate development of the Science & Technology Park at The University of New Mexico on the South Campus. STC.UNM (formerly Science & Technology Corporation @ UNM), 801 University Blvd. SE, Suite 101, Albuquerque, NM 87106.

(E) *University of New Mexico Lobo Club*

The University of New Mexico Lobo Club (Club) is a non-profit corporation established to operate as a fund-raising entity in support of the athletic program at the University. The University of New Mexico Lobo Club, Department of Athletics, Albuquerque, NM 87131.

(F) *Lobo Development Corporation*

Lobo Development Corporation was established in October 2007, under the State of New Mexico's University Research Park and Economic Development Act. Lobo Development Corporation was established to benefit UNM's Regents in the management and development of University-owned real estate. The activities of Lobo Development Corporation include the acquisition, development, disposition and rental of University real estate. Lobo Development Corporation, 801 University Blvd. SE, Suite 207, Albuquerque, NM 87106.

(G) *Lobo Energy, Inc.*

Lobo Energy, Inc. (LEI) was formed by the UNM Regents in June 1998, under the University Research Park Act to be a separate 501(c)(3) corporation wholly owned by UNM. Its responsibilities include the procurement of natural gas and electricity, operations and maintenance of all production facilities, and energy measurement and management systems. Lobo Energy, Inc., 801 University Blvd. SE, Suite 207, Albuquerque, NM 87106.

(H) *The University of New Mexico Alumni Association*

The University of New Mexico Alumni Association (the Association) is a not-for-profit organization that was incorporated August 29, 1962 to provide and coordinate events and activities for the purpose of maintaining a positive relationship between the University and its alumni. The University of New Mexico Alumni Association at Hodgin Hall, Albuquerque, NM 87131.

(I) *Sandoval Regional Medical Center*

Sandoval Regional Medical Center (SRMC) was formed by the UNM Regents in August 2009 and is a New Mexico nonprofit corporation organized under and pursuant to the New Mexico University Research Park and Economic Development Act. The creation of SRMC is largely a result of collaborative efforts between the UNM Medical Group (UNMMG) and UNM Hospital (UNMH) and, accordingly, UNMMG and UNMH have representation on its board. SRMC, expected to open in the Spring of 2012, will be a 68-bed teaching hospital located in Sandoval County. Sandoval Regional Medical Center, 933 Bradbury Street SE, Suite 2222, Albuquerque, NM 87106.

THE UNIVERSITY OF NEW MEXICO

NOTES TO THE BASIC FINANCIAL STATEMENTS

June 30, 2010 and 2009

These entities were selected for inclusion based on criteria as set forth in GASB Statements' 14 and 39. Complete financial statements for these component units can be obtained from their respective administrative offices at the address listed above. Additionally, UNMMG meets the requirements for blended presentation under GASB Statement 14, The Financial Reporting Entity.

(20) Subsequent Events

The University continues to pursue initiatives to expand clinical services into Sandoval County. The Sandoval Regional Medical Center (SRMC) closed on its financing November 3, 2010 to build the new acute care community teaching facility and Medical Office Building in Sandoval County. At closing the majority of the \$6.0 million of costs incurred to date, which were funded by UNMMG until SRMC received its funding, were paid to UNMMG with the remainder expected to be funded by SRMC before the end of the second quarter of fiscal year 2011.

As a requirement of the SRMC bond issuance by the bond rating agencies, the Board of UNMMG approved, for the benefit of SRMC, the issuance of a Quick Draw letter of credit to the benefit of the bond trustee (Wells Fargo Bank N.A.) covering any shortfall occasioned by the negative arbitrage associated with the bond financing. UNMMG secured \$10,125,000 to be held by the bond trustee through the SRMC construction period. It is anticipated that the SRMC construction will be completed by June 30, 2012. The amount of the quick draw cash requirement will be recalculated upon each semi-annual bond debt service payment, at which, the funds in excess of the requirement will revert back to UNMMG.

REQUIRED SUPPLEMENTAL INFORMATION

Schedule of Funding Progress and Employer Contributions
For the years ended June 30, 2010 and 2009

The Schedule of Funding Progress and the Schedule of Employer Contributions present multi-year trend information comparing the actuarial value of plan assets to the actuarial accrued liability, and the actual contributions of UNM to the annual required contributions.

Schedule of Funding Progress

	Fiscal Year Ending	Actuarial Value of Assets	Actuarial Accrued Liability (AAL)	Unfunded AAL (UAAL)	Funded Ratio	Covered Payroll	UAAL as a % of Covered Payroll
University	6/30/2010	\$ -	\$ 131,868,000	\$ 131,868,000	0%	\$ 485,663,779	27.2%
Clinical Operations	6/30/2010	\$ -	\$ 20,287,000	\$ 20,287,000	0%	\$ 234,708,560	8.6%
University	6/30/2009	\$ -	\$ 91,344,000	\$ 91,344,000	0%	\$ 482,462,487	18.9%
Clinical Operations	6/30/2009	\$ -	\$ 5,767,000	\$ 5,767,000	0%	\$ 249,548,339	2.3%

Schedule of Employer Contributions

	Fiscal Year Ending	Annual Required Contributions (ARC)	Actual Contributions	% Contributed
University	6/30/2010	\$ 12,213,000	\$ 5,276,000	43%
Clinical Operations	6/30/2010	\$ 3,038,884	\$ 131,884	4%
University	6/30/2009	\$ 8,179,000	\$ 5,261,000	64%
Clinical Operations	6/30/2009	\$ 784,000	\$ 109,000	14%

Summary of Key Actuarial Methods and Assumptions

Valuation Year	July 1, 2008 to June 30, 2009
Actuarial Cost Method	Unit Credit Actuarial Cost Method
Amortization Method	30 Years
Discount Rate	4.5%
Projected Payroll Growth Rate	2%
Health Care Cost Trend Rate	Medical on a select basis at 11% and on an ultimate basis at 5%, and dental benefits on a select and ultimate basis at 5%. The select trend rates are reduced .5% each year until reaching the ultimate trend.

THE UNIVERSITY OF NEW MEXICO

Reconciliation of Budgetary Basis to Financial Statement Basis Unrestricted and Restricted - All Operations For the year ended June 30, 2010

Total Unrestricted and Restricted Revenues:

Budgetary Basis	\$ 1,298,012,131
Reconciling items:	
University of New Mexico Hospital (amount not in budgetary basis)	513,785,394
University of New Mexico Behavioral Operations (amount not in budgetary basis)	26,875,548
University of New Mexico Medical Group (amount not in budgetary basis)	5,061,425
Scholarship allowance (amount not in budgetary basis)	(58,610,176)
Endowment fund items (amount not in budgetary basis)	18,036,993
Land and permanent fund income (amount not in budgetary basis)	12,918,522
Plant fund items (amount not in budgetary basis)	10,031,562
Other fund items (amount not in budgetary basis)	227,023
Adjustments subsequent to Actuals submission to HED (amount not in budgetary basis)	1,495,892
Revenue/expenditure classification differences	(32,297,747)
Other	4,582,219
Total reconciling items	\$ 502,106,655
Total reconciled unrestricted and restricted revenues per Budgetary Basis	\$ 1,800,118,786
Basic Financial Statements	
Operating revenues	\$ 1,254,930,521
Non-operating revenues	488,260,179
Other revenues	56,928,086
Total unrestricted and restricted revenues per Financial Statements	\$ 1,800,118,786
Difference	\$ -

Total Unrestricted and Restricted Expenditures:

Budgetary Basis	\$ 1,350,669,601
Reconciling items:	
Capitalized expenditures (amount not in financial statements)	(22,667,333)
University of New Mexico Hospital (amount not in budgetary basis)	504,885,766
University of New Mexico Behavioral Operations (amount not in budgetary basis)	27,834,632
University of New Mexico Medical Group (amount not in budgetary basis)	(813,422)
Scholarship allowance (amount not in budgetary basis)	(58,610,176)
Endowment fund items (amount not in budgetary basis)	24,112
Plant fund items (amount not in financial statements)	(91,698,558)
Other fund items (amount not in budgetary basis)	223,198
Adjustments subsequent to Actuals submission to HED (amount not in budgetary basis)	8,030,193
Revenue/expenditure classification differences	(26,296,895)
Other	5,892,113
Total reconciling items	\$ 346,803,630
Total reconciled unrestricted and restricted expenditures per Budgetary Basis	\$ 1,697,473,231
Basic Financial Statements	
Operating expenditures	\$ 1,676,252,753
Non-operating expenditures	21,220,478
Total unrestricted and restricted expenditures per Financial Statements	\$ 1,697,473,231
Difference	\$ -

TOTAL NONMAJOR PROGRAMS			\$ 40,704,696
TOTAL FEDERAL AWARDS			\$ 242,591,183

Reconciliation to Exhibit B - Statement of Revenues, Expenditures and Changes in Net Assets

Federal awards revenue (per Exhibit B):

Federal grants and contracts revenue	\$ 244,668,931
Portion of capital grants and gifts revenue that is federal	3,235,652
Federal stabilization grant revenue	1,263,025
Portion of clinical operations revenue that is federal	1,890,349
Total federal awards revenue	251,057,957

Reconciling items:

Fee for service federal contract revenues - not reportable on Schedule 9	(6,357,152)
Residual balances on federal grants and contracts	(2,109,622)
Total federal expenditures per Schedule 9	\$ 242,591,183

THE UNIVERSITY OF NEW MEXICO

NOTES TO SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS

Year Ended June 30, 2010

Note 1: Significant Accounting Policies

The accompanying schedule of expenditures of federal awards is prepared on the accrual basis of accounting.

Note 2: Student Financial Aid

Perkins loans advanced to students in fiscal year 2010 totaled \$313,619. The outstanding Perkins loan balance at June 30, 2010 was \$10,683,551. FFEL loans advanced to students in fiscal year 2010 totaled \$105,883,098.

Note 3: Department of Housing and Urban Development 242 Loan Guarantee

During fiscal year 2005, the Regents of the University of New Mexico issued FHA Insured Hospital Mortgage Revenue Bonds for the construction of the Children's Hospital and Critical Care Pavilion. In conjunction with the construction project, the Department of Housing and Urban Development, under Section 242 CFDA number 14.128, issued a loan guarantee for the mortgage amount of \$183,399,000.

Note 4: Of the federal expenditures presented in the schedule, the University provided federal awards to subrecipients as follows:

**Report on Internal Control Over Financial
Reporting and on Compliance and Other Matters Based on an
Audit of Financial Statements Performed in Accordance
With *Government Auditing Standards***

Board of Regents
University of New Mexico and
Mr. Hector H. Balderas
New Mexico State Auditor

We have audited the basic financial statements of University of New Mexico (University) and its aggregate discretely presented component units, and the budget comparisons presented as supplemental information as of and for the year ended June 30, 2010, and have issued our report thereon dated November 4, 2010. Our report includes a reference to other auditors. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Other auditors audited the financial statements of the UNM Hospital and the UNM Behavioral Operations, collectively known as the clinical operations of the University, and the UNM Medical Group, as described in our report on the University's financial statements. This report does not include the results of the other auditors' testing of internal control over financial reporting or compliance and other matters that are reported on separately by those auditors.

Internal Control Over Financial Reporting

In planning and performing our audit, we considered the University's internal control over financial reporting as a basis for designing our auditing procedures for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the University's internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of the University's internal control over financial reporting.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A material weakness is a deficiency, or combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis.

Board of Regents
University of New Mexico and
Mr. Hector H. Balderas
New Mexico State Auditor

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in the internal control over financial reporting that might be deficiencies, significant deficiencies or material weaknesses. We did not identify any deficiencies in internal control over financial reporting that we consider to be material weaknesses, as defined above.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the University's basic financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

We noted certain matters that are required to be reported per section 12-6-5 NMSA 1978 that we have described in the accompanying schedule of findings and questioned costs as items 2009-01, 2009-02, 2009-05, and 2010-01 through 2010-10.

The University's responses to the findings identified in our audit are described in the accompanying schedule of findings and questioned costs. We did not audit the University's responses and, accordingly, we express no opinion on them.

Board of Regents
University of New Mexico and
Mr. Hector H. Balderas
New Mexico State Auditor

This report is intended solely for the information and use of the Board of Regents, the Audit Committee, management, the Department of Finance and Administration, the Legislative Finance Committee, the University, the State Auditor, the cognizant audit agency and other federal audit agencies and is not intended to be, and should not be used by anyone other than these specified parties.

Mess Adams LLP

THE UNIVERSITY OF NEW MEXICO

(THIS PAGE INTENTIONALLY LEFT BLANK)

**Report on Compliance With Requirements That Could
Have a Direct and Material Effect on Each Major Program
and on Internal Control Over Compliance in Accordance
With OMB Circular A-133**

Board of Regents
 University of New Mexico and
 Mr. Hector H. Balderas
 New Mexico State Auditor

Compliance

We have audited the compliance of the University of New Mexico (University) with the types of compliance requirements described in the *OMB Circular A-133 Compliance Supplement* that could have a direct and material effect on each of the University's major federal programs for the year ended June 30, 2010. Other auditors audited the compliance of the UNM Hospital and the UNM Behavioral Operations, collectively known as the clinical operations of the University (clinical operations), and the UNM Medical Group, a blended component unit (blended component unit), with the types of compliance requirements described in the *OMB Circular A-133 Compliance Supplement* that are applicable to each of their major federal programs for the year ended June 30, 2010. The compliance of the clinical operations and blended component unit were audited by other auditors whose reports have been furnished to us, and our opinion, insofar as it relates to the amounts included for the clinical operations and blended component unit, is based solely on the reports of the other auditors. The University's major federal programs are identified in the summary of auditors' results section of the accompanying schedule of findings and questioned costs. The University's major federal programs are identified in the summary of auditors' results section of the accompanying schedule of findings and questioned costs. Compliance with the requirements of laws, regulations, contracts and grants applicable to each of its major federal programs is the responsibility of the University's management. Our responsibility is to express an opinion on the University's compliance based on our audit and the reports of other auditors.

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and OMB Circular A-133. Those standards and OMB Circular A-133 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the University's compliance with those

Board of Regents
University of New Mexico and
Mr. Hector H. Balderas
New Mexico State Auditor

requirements and performing such other procedures as we considered necessary in the circumstances. We believe that our audit and the reports of other auditors provide a reasonable basis for our opinion. Our audit and the reports of other auditors do not provide a legal determination of the University's compliance with those requirements.

In our opinion the University complied, in all material respects, with the compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2010.

Internal Control Over Compliance

Management of the University is responsible for establishing and maintaining effective internal control over compliance with the requirements of laws, regulations, contracts and grants applicable to federal programs. In planning and performing our audit, we considered the University's internal control over compliance with the requirements that could have a direct and material effect on a major federal program to determine the auditing procedures for the purpose of expressing our opinion on compliance and to test and report on internal control over compliance in accordance with OMB Circular A-133, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the University's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct noncompliance with a type of compliance requirement of a federal program on a timely basis. A material weakness in internal control over compliance is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be deficiencies, significant deficiencies, or material weaknesses. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above.

Board of Regents
University of New Mexico and
Mr. Hector H. Balderas
New Mexico State Auditor

This report is intended solely for the information and use of Board of Regents, the Audit Committee, management, the Department of Finance and Administration, the Legislative Finance Committee, the University, the State Auditor, the cognizant audit agency and other federal audit agencies and is not intended to be, and should not be used by anyone other than these specified parties.

Section IV—Other Findings, as required by New Mexico State Statute, Section 12-6-5, NMSA 1978

2009-01. Financial Statements and General Ledger Closing Process – Lobo Club

Condition

The Lobo Club's interim financial statements did not include all the necessary adjustments to provide financial statements comparable to the audited financial statements distributed to outside users and in accordance with generally accepted accounting principles (GAAP). There were eleven journal entries proposed to convert the Lobo Club's trial balance to the accrual basis of accounting.

Criteria

The Governmental Accounting Standards Board, Codification of Governmental Accounting and Financial Reporting Standards (GASB), Section 1100 requires governments to prepare financial statements on the modified accrual basis for governmental type funds and full accrual basis for enterprise type funds.

Effect

The Lobo Club may not have the ability to prevent and detect material misstatements in their financial statements and could result in conflicting information for management and outside users.

Cause

It is apparent that the vacancy of the Financial Coordinator position caused inconsistencies in the posting of financial information. In addition, we noted the Lobo Club's accounting policies and procedures manual was created years ago and has been supplemented over the years and mainly focuses on how to process transactions through software utilized by the Club. We noted that some of the procedures are no longer being followed or have been superseded and that formal review and new processes have not been documented.

Recommendation

We recommend that the Lobo Club review and update its accounting policies and procedures manual. This should include a review of the content of the audit adjustments made to the year-end statements and incorporate many of them into the monthly closing process and convert their trial balance to the applicable generally accepted basis prior to the audit.

University Response

The Lobo Club hired a Financial Coordinator subsequent to year end and is in the process of reviewing and updating its accounting policies and procedures manual. This policies and procedures manual will include a monthly closing process and require supporting documentation of monthly journal entries in QuickBooks and Banner.

THE UNIVERSITY OF NEW MEXICO

SCHEDULE OF FINDINGS AND QUESTIONED COSTS

Year Ended June 30, 2010

2009-02. General Ledger Access – Lobo Club

Condition

We noted during the year a password was established to limit access to the general ledger (QuickBooks). However, we noted that although the general ledger has a log in and password, multiple people have had access to the same login and password and QuickBooks does not have separate users set up to log who recorded each transaction.

Criteria

Separate log-in's and passwords restrict usage of the general ledger system to prevent erroneous usage and unauthorized usage. Creating separate log-in's allows the Lobo Club to track who made which entries providing further oversight.

Effect

The lack of password protection increases the risk of unauthorized usage.

Cause

It is apparent that the vacancy of the Financial Coordinator position caused inconsistencies in the posting of financial information and more people gained access.

Recommendation

The Lobo Club should restrict access to the general ledger system and track who has access.

University Response

The Lobo Club hired a Financial Coordinator subsequent to year end and they have created a new password for her Administrative log in. The Executive Director has a new log in and password, and the accountant has her own log in and password. There will be no other users in QuickBooks.

THE UNIVERSITY OF NEW MEXICO

SCHEDULE OF FINDINGS AND QUESTIONED COSTS

Year Ended June 30, 2010

2009-05. Agency Account Reconciliation – Lobo Club

Condition

During our testwork, we noted the agency account and Banner account balance had not been reconciled consistently during the year.

Criteria

Monitoring is a critical component of an effective internal control system. Monitoring is a process that assesses the quality of internal control performance over time. It involves assessing the design and operation of controls on a timely basis and taking necessary corrective actions. In order to accomplish that assessment, management must have the ability to produce and analyze accurate accounting reports and reconciliations on a timely basis.

Effect

Timely reconciliations and adjustments of the agency account will ensure meaningful and accurate financial statements and reduce the risk that errors in deposits or cash balances go undetected.

Cause

It is apparent that the vacancy of the Financial Coordinator position caused inconsistencies in the posting of financial information.

Recommendation

In order to make the financial reports generated by the accounting system as meaningful as possible, the Lobo Club should reconcile the general ledger accounts for balance sheet accounts to supporting documentation on a monthly basis.

University Response

The Lobo Club hired a Financial Coordinator subsequent to year end. The Financial Coordinator has begun Banner training and will reconcile the agency account and Banner account balance on a monthly basis. This process will also be detailed in the developing policies and procedures manual.

THE UNIVERSITY OF NEW MEXICO

SCHEDULE OF FINDINGS AND QUESTIONED COSTS

Year Ended June 30, 2010

2010-01. Debit Card Process – Lobo Club

Condition

During our internal control testwork, we noted the Lobo Club has authorized two managers to use purchasing cards that had transactions without Finance Committee review. As governed by policies and procedures designed to help ensure that the debit cards are used appropriately, the policies only include Finance Committee approve for transactions over a \$500 limit. While the transactions are not individually material, the collective balance may be significant due to the volume.

Criteria

Review and approval of transactions is designed to ensure that the Lobo Club is properly authorizing and that the transactions are consistent with the organization's business purpose.

Effect

There is increased risk that the Lobo Club resources may be expended for items not consistent with its business purpose and may not have the ability to prevent or detect unauthorized or material misstatements in their financial statements and could result in conflicting information for management and outside users.

Cause

It is apparent that the vacancy of the Financial Coordinator position caused inconsistencies in the reporting of financial information to the Finance Committee.

Recommendation

We recommend that the Lobo Club improve controls over the review of employee purchasing card expenditures to ensure that its policies and procedures are consistently followed.

University Response

The Lobo Club hired a Financial Coordinator subsequent to year end. The Lobo Club's Financial Coordinator will provide monthly debit/credit transactions to the Finance Committee for review at their monthly meetings and will process debit card receipts in a timely manner.

THE UNIVERSITY OF NEW MEXICO

SCHEDULE OF FINDINGS AND QUESTIONED COSTS

Year Ended June 30, 2010

2010-02. Contributions for the PIT Renovation – Lobo Club

Condition

During the fiscal year, we noted that the Lobo Club did not consistently implement its accounting policies and procedures for contributions received related to the PIT Renovation. We also noted that there are no formal written policies and procedures for these contributions.

Criteria

To be effective control activities must be clearly communicated and deployed.

Effect

This lack of controls over these contribution transactions resulted in some transactions that were not recorded into the contribution software or were recorded and not distributed to the proper agency as defined in the Club's process.

Cause

It is apparent that the vacancy of the Financial Coordinator position caused inconsistencies in the documentation and implementation of its new contribution policies.

Recommendation

The Lobo Club should establish written policies and procedures to ensure that all nonroutine transactions, such as the PIT Renovation contributions, are properly recorded, reviewed, and reported in its financial statements.

University Response

The Lobo Club hired a Financial Coordinator subsequent to year end. The Lobo Club and the Financial Coordinator will establish proper written policies and procedures in advance of project enactment to ensure that all transactions are properly recorded, reviewed, and reported in its financial statements. The policy will be communicated to all Lobo Club staff, and the Financial Coordinator will be responsible for reviewing and reporting non-routine transactions.

THE UNIVERSITY OF NEW MEXICO

SCHEDULE OF FINDINGS AND QUESTIONED COSTS

Year Ended June 30, 2010

2010-03. Accounts Payable Recording and Payment Practices – Lobo Club

Condition

During our testing, we noted that the Lobo Club had gaps in payment processing and that the Lobo Club had not been recording invoices into the general ledger system when received, but rather when invoices were to be paid. We also noted a check that was back dated to the previous month, two gaps in check numbers, and four check numbers that could not be accounted for.

Criteria

In order to ensure accurate financial reporting, transactions need to be posted into the general ledger in a timely fashion.

Effect

The timely recording of checks is an important control over cash disbursements and this will result in more accurate monthly financial statements, will keep management current on the progress of the expenditures, and may highlight a problem area earlier so that corrective action can be taken.

Cause

It is apparent that the vacancy of the Financial Coordinator position caused inconsistencies in the posting and processing of financial information.

Recommendation

We recommend that accounting personnel update the check register daily to ensure timely and proper recording of cash disbursements.

University Response

The Lobo Club hired a Financial Coordinator subsequent to year end. The Financial Coordinator will process checks/invoices in a timely manner to ensure that there is no back dating, gaps in check numbers, and that all voided checks are accounted for. This procedure will be detailed in the policies and procedures manual.

THE UNIVERSITY OF NEW MEXICO

SCHEDULE OF FINDINGS AND QUESTIONED COSTS

Year Ended June 30, 2010

2010-04. Restricted Contributions Payable Reconciliation – Lobo Club

Condition

During our testwork, we noted the contributions received that were restricted for specific sports were recorded in a liability account and the balance had not been reconciled from the general ledger to supporting detail consistently during the year.

Criteria

Timely reconciliations and adjustments of the restricted contributions account will help ensure meaningful and accurate financial statements and reduce the risk that errors and multiple postings go undetected.

Effect

There is increased risk that errors may go undetected and management and the Board of Directors may not be receiving accurate financial information.

Cause

It is apparent that the vacancy of the Financial Coordinator position caused inconsistencies in the posting and reconciling of financial information.

Recommendation

The Lobo Club should reconcile the general ledger accounts for balance sheet accounts, including the restricted contribution liability account, to supporting documentation on a monthly basis.

University Response

The Lobo Club hired a Financial Coordinator subsequent to year end. The Financial Coordinator will reconcile restricted contributions on a monthly basis. This procedure will be detailed in the policies and procedures manual.

THE UNIVERSITY OF NEW MEXICO

SCHEDULE OF FINDINGS AND QUESTIONED COSTS

Year Ended June 30, 2010

2010-05. Lack of Supporting Documentation – Lobo Club

Condition

During our internal control testing, we noted that supporting documentation could not be provided for some of the transactions. Specifically, these included one invoice out of eighteen selected for control testing and one cash receipts deposit out of eighteen selected for control testing.

Criteria

Orderly filing of documents should be maintained to insure proper control over all supporting documentation and invoices evidencing revenues, expenditures, etc.

Effect

There is increased risk that errors or fraud may go undetected.

Cause

It is apparent that the vacancy of the Financial Coordinator position caused inconsistencies in the storing of financial information.

Recommendation

The Lobo Club should consider implementing procedures to ensure that supporting documents and information is properly stored.

University Response

The Lobo Club hired a Financial Coordinator subsequent to year end. The Financial Coordinator will ensure that all documents are filed promptly and properly with supporting documentation. This procedure will be detailed in the policies and procedures manual.

THE UNIVERSITY OF NEW MEXICO

SCHEDULE OF FINDINGS AND QUESTIONED COSTS

Year Ended June 30, 2010

2010-06. Cash Receipting Process – Lobo Club

Condition

During our observation of controls over the cash receipts process, we noted that cash receipts are not being deposited on a timely basis. At the present time, the Lobo Club accumulates cash receipts in a desk drawer and makes weekly deposits. In addition, accessibility to the drawer is not entirely restricted throughout the work day.

Criteria

Since cash is so readily subject to error and mishandling, effective control of checks, currency, and other cash items should begin at the time of receipt and continue through deposit, custody, and disbursement.

Effect

There is increased risk of loss from burglary, misplacement, or misappropriation of cash.

Cause

Currently the Lobo Club does not have a safe to store cash contributions received from donors and does not have a policy to require the daily deposit of cash receipts.

Recommendation

We recommend that the Lobo Club establish and deploy policies so that deposits are made on a daily basis both to improve cash flow and to reduce the risk of loss. If it is inconvenient for the Lobo Club's employees to make daily trips to the bank, use of a safe should be considered, whereby thresholds of cash amounts be established before daily deposits at the bank are required.

University Response

The Lobo Club will establish a policy to process cash receipts. When cash receipts are received over \$1,000.00 the Financial Coordinator will be notified and those cash receipts will be processed and taken to the bank that same day. Cash deposit will be kept in a locked drawer until it is taken to the bank. This will decrease the risk of misplacement or misappropriation of cash.

THE UNIVERSITY OF NEW MEXICO

SCHEDULE OF FINDINGS AND QUESTIONED COSTS

Year Ended June 30, 2010

2010-07. Cerner and Siemens Systems Edit/Exception/Error Report Review – UNM Hospital

Condition

In performing the internal control testwork over 15 daily/exception/error reports, we noted the following errors not corrected or addressed: 1) four charges did not transfer from a pre-admit code (labs, office visits, etc.) to an admission code and therefore the pre-admit charges were not recorded to revenue, 2) two instances of incorrect codes recorded resulting in no charge being generated, and 3) one instance where a pre-admit code was charged twice.

Criteria

The UNMH clinical staff uses the Millenium (Cerner) System for the patient management (treatment/procedure coding and ordering). The UNMH patient financial services group uses the Siemens Invision application for the accounts receivable subsidiary ledger and revenue recognition. These two systems interface to transfer patient treatment/procedure data to the accounts receivable subsidiary ledger. The treatment/procedure codes per the Cerner System link to the Charge Master Codes in the Siemens System.

The Systems' interface has a function of producing daily edit/error reports for interface problems. The patient financial services (PFS) department reviews this report to address the errors for possible duplication of charges, missing (non-transferred charges) or unallowable charges. The daily reports can have dozens of edits/exceptions/errors so the report is disbursed to multiple PFS personnel to resolve items.

Effect

If there is an error in the interface (duplicate coding, incorrect coding, etc.), patient revenue and receivables could be inaccurate.

UNMH and KPMG reviewed each error that was not timely corrected to determine the financial reporting impact.

The pre-admit charges are for inpatient services of which the hospital will only receive a contractual per diem or DRG case rate for the treatment/procedures from the insurance payor; therefore the pre-admit charges that did not transfer and the duplicate pre-admit charge would have been contractually adjusted to the net revenue. The effects of these errors only have an impact on the gross revenue and receivable balances and not the net financial reporting balances.

The two incorrect codes were due to human error (transposing of numbers). One error was originally addressed by PFS department and changed to another incorrect code. The other error was not addressed. As a result, no charge was generated and therefore no revenue was earned for the two incorrect codes. The impact of the two incorrect codes was approximately \$2,000 out of approximately \$50 million of transactions in the 15 days tested.

Cause

The review of the Edit/Exception/Error Reports by the PFS department is not being thoroughly monitored resulting in certain errors not being timely addressed or corrected.

THE UNIVERSITY OF NEW MEXICO

SCHEDULE OF FINDINGS AND QUESTIONED COSTS

Year Ended June 30, 2010

Recommendation

We recommend that UNMH consider the cost benefit of refining the current procedure to assure the PFS department is addressing all Cerner and SMS system edit/exceptions/errors promptly. In addition, after the disbursing of the report to applicable personnel, the full report should be monitored by a supervisor or manager to assure all staff addressed their assigned report sections.

University Response

UNMH will develop a process to track and resolve all Cerner and SMS system edits, exceptions, and errors. Management will monitor the process.

THE UNIVERSITY OF NEW MEXICO

SCHEDULE OF FINDINGS AND QUESTIONED COSTS

Year Ended June 30, 2010

2010-08. Physical Inventory of Capital Assets

Condition

We noted during our physical inventory testwork for equipment that 3 out of 25 items on the inventory listing could not be located by us. We were later informed the 3 items no longer existed, as 2 of the items were used for parts on other equipment, and 1 item was believed to have been destroyed when a building was demolished. The University requires every department to annually conduct a physical inventory and to certify the results, which are sent to the Financial Services Division. We obtained the inventory listing from the Financial Services Division.

Criteria

The performance of physical inventories of capital assets and related reconciliation to UNM's accounting records is a key control over the accurate and complete presentation of inventory in UNM's financial statements. Further, 12-6-10(A) NMSA 1978 requires each agency to conduct an annual physical inventory of equipment on the inventory list at the end of each fiscal year, and the agency shall certify the correctness of the inventory after the physical inventory.

Effect

The inventory listings certified by the departments and sent to the Financial Services Division contained inaccuracies in 3 of the 25 items sampled. These items were insignificant as they had little to no remaining book value, however, they remained on the inventory listing. UNM's certification of the correctness of the inventory under 12-6-10(A) NMSA 1978 contained these inaccuracies.

Cause

The physical inventories conducted at the department level did not properly identify and/or correct these items on the inventory listing sent to the Financial Services Division.

Recommendation

We recommend that UNM conduct periodic checks of the physical inventories being conducted at the departmental level to ensure departments are properly completing their physical inventories and accurately reporting the inventories to the Financial Services Division.

University Response

Management concurs with this finding and recommendation. The University will implement periodic checks of departmental inventories submitted, to verify the accuracy of these inventories.

THE UNIVERSITY OF NEW MEXICO

SCHEDULE OF FINDINGS AND QUESTIONED COSTS

Year Ended June 30, 2010

2010-09. Process for Estimation of Contractual Discounts and Bad Debt Allowances for Cancer Center Patient Receivables

Condition

We noted the model used to estimate the contractual discounts and bad debt allowance for the Cancer Center patient receivables, although resulting in a reasonable net patient accounts receivable balance, did not appropriately consider trends in recent payment patterns and collection percentages at the individual payer level. Further, there was not sufficient support for the estimates inherent in the current model.

Criteria

Significant estimates inherent in the financial statements require sufficient and appropriate analysis by management and support for those estimates should be readily available.

Effect

While net patient receivables recorded by the Cancer Center were reasonable, the model appears to be under-estimating contractual discounts and over-estimating bad debts allowances. Changes in patient volumes or payment patterns at individual payer levels, particularly over relatively short periods of time, have the potential to cause inaccuracies in the valuation of Cancer Center net patient receivables.

Cause

Management has not developed a sufficiently robust model to estimate contractual discounts and the bad debt allowance at the individual payer level.

Recommendation

We recommend that management maintain a rolling monthly schedule to document trends in payment patterns by payer, and use this information to update the contractual discounts and bad debt allowance model. Further, management should develop an expanded contractual discounts and bad debt allowance model that can be updated monthly to reflect changes in payment patterns and collection rates by payer.

University Response

Management concurs. The UNM Cancer Center staff is developing dynamic tools and reports to address changes in contractual discounts by payor. In addition, the new bad debt allowance model will provide detailed documentation for the FY2011 estimate.

THE UNIVERSITY OF NEW MEXICO

SCHEDULE OF FINDINGS AND QUESTIONED COSTS

Year Ended June 30, 2010

2010-10. Over-expenditure of Budgetary Authority

Condition

The University exceeded its approved budget authority within the minor capital outlay component of the plant funds budget. The plant funds budget is presented as "Capital Outlay" on the Budget Comparison schedule.

Criteria

Per Title 5 of the New Mexico Administrative Code, Chapter 3, part 4, paragraph 10, total expenditures of certain budgetary totals may not exceed the amount in the approved budget. Among other items, within the plant funds budget, expenditures cannot exceed budget for major projects and minor capital outlay projects.

Effect

The University has not complied with budgetary compliance requirements as set out in the New Mexico Administrative Code.

Cause

The 2010 increase in the OPEB obligation of approximately \$7 Million was recorded to the plant fund. The 2010 increase in the OPEB obligation of \$7 Million was approximately \$4.1 Million higher than the 2009 increase, due to an updated actuarial analysis for 2010.

Recommendation

To the extent not already done, we recommend the actual 2010 annual OPEB cost be considered in the 2011 budget. Should this result in an expected over-expenditure, management should seek a properly approved budget adjustment.

University Response

Management concurs with this finding and recommendation. The University recalculates the OPEB obligation every two years for purposes of the Audited Financial Statements. Fiscal year 2010 was one such year, and the calculation was completed after the University submitted its Budget Adjustment Request to the State. The actual fiscal year 2010 obligation of \$7.0M resulted in the total over expenditure within the Plant fund exhibit as noted above. This amount has been included in the FY11 original budget and for the next two year cycle, the Office of Planning, Budget & Analysis will budget conservatively for this obligation to avoid over reaching our approved expenditure authority.

THE UNIVERSITY OF NEW MEXICO

EXIT CONFERENCE

June 30, 2010

The financial statements were prepared by the financial officials of the University of New Mexico. An exit conference was conducted on October 21, 2010, in which the contents of this report were discussed with the following:

UNIVERSITY OF NEW MEXICO

J.E. Gene Gallegos	Chair, UNM Board of Regents Audit Committee
Carolyn J. Abeita	Vice Chair, UNM Board of Regents Audit Committee
James H. Koch	UNM Board of Regents Audit Committee
Ava J. Lovell	Vice President for HSC/UNM Finance & University Controller
Elizabeth Metzger	Chief Accounting and Treasury Officer, Main Campus
Ella B. Watt	Chief Financial Officer, UNM Hospitals
Robert Fondino	Chief Budget and Finance Officer, HSC
Rodney Martinez	Controller, UNM Medical Group
Lawrence Ryan	Associate Director, Development, UNM Lobo Club
Staff	University Internal Audit Department

MOSS ADAMS LLP

Wayne Brown	Managing Partner
Brandon Fryar	Partner

KPMG LLP

John Kennedy	Partner
Cynthia Reinhart	Partner
Jaime Clark	Senior Manager, UNM Hospital/Other Clinical Operations
